WILL SOON MOVE

AGUINALDO TO BE GIVEN A NEW HOME.

PREPARE PALACE FOR HIM

INSURGENT CHIEFTAIN BUYS CLOTHES AND DIAMONDS.

NO INTERVIEWS PERMITTED

LITTLE INFORMATION GIVEN OUT ABOUT HIM.

Manila, April 8.—General MacArthur says it is impossible to make a statement concerning Aguinaldo now.

It is possible that Aguinaldo will soon be removed from the Malacanan palace to a large house, with pleasant grounds, No. 56 General Solano street, a fashionable quarter of the city, beside the Pasig river, which is being renovated and prepared for occupancy.

Aguinaldo is purchasing diamonds and other jewelry. He continues to receive certain visitors, but newspaper correspondents are excluded.

It is said that the manifesto which Aguinaldo has been preparing has not yet been signed and it is added that Aguinaldo is reluctant to comply with the conditions.

It appears that the majority of the Filipinos in Manila distrust Aguinaldo and dislike to see him accorded special favors. They say he ought to be severely punished.

General Sandco, a former member of Aguinaldo's cabinet, has surrendered to the American authorities at Cabanatuan, in the province of New Eccija. He has a bad record and may be tried.

The trial of M. Brix Hoelterman, the Belgian who was connected with the Philippine Trading company and whose arrest on the charge of furnishing supplies to the insurgents was announced February 19, has been completed. The evidence of the Filipino Colonel Herrera, who recently surrendered, clinched the prosecution. The colonel testified that Hoelterman had furnished money and rice supplies to the insurgents.

NATIVES FOR THE NAVY.

New York, April 8.—A special to the Herald from Washington says:

Instructions have been cabled by Secretary of the Navy Long to Rear Admiral Remey, commander-in-chief of the Asiatic station, authorizing him to enlist five hundred natives of the Philippines for service on board the former Spanish gunboats and other small vessels which are to be maintained exclusively in the Philippines.

The men will form the nucleus of an important service composed solely of enlisted men. Rear Admiral Crowinshield, chief of the bureau of navigation, believes that besides resulting in the government obtaining efficient service, the employment of natives will spread respect for the American flag and create a strong feeling of loyalty.

Reports received from Rear Admiral Remey have shown that Americans, especially those serving in the fire rooms, become quickly debilitated, and it is necessary to send them to the United States or to Japan to recuperate.

It is not believed that the health of Filipinos will suffer, because they are acclimated, and if they do become ill it will be an easy matter for them to recover in the Philippines. No difficulty will be experienced in obtaining trained men. During the fall of 1899 Lieut. Com. J. V. Coltman, now in charge of the enlisted men's branch of the bureau of navigation, opened the "escuela nautical," or nautical school, to train Filipino youths to carry on their inter-island commerce. Good results have been obtained from this school.

Ther is no law specifically authorizing the enlistment of Filipinos, but it is pointed out that whether the supreme court adjudges the natives foreigners or citizens, it will make no difference in this case, as almost one-fifth of the enlisted men of the navy are of foreign nationality.

OBSERVED EASTER.

Easter Sunday was observed in all the churches of the city yesterday with special sermons and programs of music. The day was somewhat threatening, but in spite of this fact the crowds that attended divine services were very large. The threatening skies did not daunt the investors in hats and suits, however, and a most lavish display of Easter dress and headgear was to be seen at every hand. Every church was beautifully decorated with Easter lilies and other plants and flowers and the services commemorating the anniversary of the day upon which Christ rose from the dead were very beautiful.

TURNERS' ENTERTAINMENT.

A large gathering of Germans was held Sunday evening in the hall of the Turn Verein Vorwaerts and a very interesting program was provided by the Turners. Barner's orchestra furnished instrumental numbers and there was singing by the Concordia Singing society and by individuals. Interspersed in the program were physical exercises by the members of the society, a notable feature of the latter being a club swinging exercise by the ladies.

PASTORS GO TO CONFERENCE

METHODIST MINISTERS ARE AT ELWOOD.

Few Changes Probable in Fort Wayne pulpits—Dr. Parr May be Made Presiding Elder.

Methodist Episcopal ministers of the city left today for Elwood to attend the annual sessions of the north Indiana conference, which opens in that city tomorrow. The old conference year ended with the services yesterday and the next appearances of the pastors in their pulpits will be under the new appointments made by the bishop at the close of the conference session early next week.

There is as usual much speculation as to the appointments for the five Fort Wayne churches for the coming year, though nobody is in a position to forecast accurately the determination of the church authorities. As was the case a year ago, there is a revival of the rumor that Rev. Dr. Parr, of Wayne street church, is to be made presiding elder, with the Kokomo district as the probable field, but there are a number of other ministers also mentioned for that place. It is also known that Dr. Parr has been offered other ministerial work that would take him outside the bounds of the north Indiana conference. On the other hand, there is a well defined impression on the part of a large portion of the membership that Dr. Parr will be returned to Wayne street for the coming year.

As to the other Methodist churches of the city, it is practically certain that Rev. H. J. Norris will be reappointed to Berry street, and that Rev. C. E. White will be continued at Trinity. The membership of Simpson church is desirous of Rev. T. J. Johnson's return and is expecting it, though there was a rumor to the effect that something of a promotion was in store for Rev. Johnson, who has completed four very successful years at Simpson. An advancement is also more than probable in the case of Rev. B. Sawyer, who was appointed to St. Paul's church, on Walton avenue, a year ago.

THE PICTURE AT HOME.

Liverpool, April 8.—C. Moreland Agnew upon his arrived here on the steamer Etruria this morning, admitted that he had the Gainsborough portrait of the duchess of Devonshire. Mr. Agnew himself carried the picture ashore, but beyond admitting that it was the famous missing Gainsborough he declined to furnish any details regarding its recovery and proceeded to London.

London, April 8.—On his arrival at Liverpool C. Moreland Agnew wired to his son here asking the latter to meet him at Euston railroad station with two clerks from the office and a detective. On his arrival in London Mr. Agnew handed over the picture to the clerks and dectective, who deposited it in a safe in the office.

CONFERENCE AT SOUTH BEND.

The teachers of the various Lutheran schools of the city will go to South Bend tomorrow to attend the annual conference of Lutheran teachers in northern Indiana. The sessions will continue until Friday and they will be devoted to a discussion of methods of instruction and hearing papers on various subjects. The conference will be entertained by the members of the Lutheran church in South Bend, of which Rev. T. Thieme is pastor. Rev. Thieme is a former resident of Fort Wayne and was educated at Concordia college, this city.

Allen lodge No. 29, Degree of Honor, will meet at 2 o'clock tomorrow afternoon at Elektron hall.

A FRESH OUTBREAK

REBELLION IS STARTED IN TWO PROVINCES.

MORE TROUBLE IN CHINA

MONGOLIA AND SHEN-SI ARE IN UPRISING.

JAPAN IS FIRM TO RUSSIA

MIKADO MAINTAINS A GREAT SECRECY OF POLICY.

Pekin, April 8.—The rumors which have been current during the past few days of the outbreak of a rebellion, headed by General Tung-Fuh-Sian, the former commander of the northern army, in the provinces of Mongolia and Shen-Si, have been absolutely authenticated.

Li Hung Chang and Prince Ching have received information on the subject, which, though indefinite, still proves that the court is seriously alarmed.

General Tung-Fu-Sian was, according to last accounts, about 150 miles from the court with 11,000 regular troops, all supposed to be devoted to himself. The court has about the same number of soldiers at Sian-Fu, but it is probable that the troops of Tung-Fu-Sian are better drilled and better armed.

It is believed that the Mongolian rebellion was brought about through agents of Prince Tuan and General Tung-Fu-Sian.

Li Hung Chang thinks there are about 5,000 regular troops in Mongolia and inclines to the belief that they have not joined in the rebellion. He does not think the court is in any danger and thinks the object of Prince Tuan (who was last reported at Ning-Hsu, with 10,000 men, prepared to resist arrest) and General Tung-Fu-Sian is to create a diversion of interest in order to force unconditional protection of themselves.

Unofficial Chinamen of intelligence regard the uprising as most unfortunate at the present time to the interests of China, and as possibly meaning the use of foreign troops to protect even the court itself.

The ministers of the powers do not think that, provided foreign interests do not suffer, any present interference is likely.

If the dynasty should be overthrown it would, to a certain extent, delay the peace negotiations, but they consider that a regime not bound by traditions like those of the present court would probably be much easier to deal with eventually, as the ceremonial could be much curtailed.

Prince Ching, who, as a relative, may be considered to take the court view of the question, believes the rebellion is a storm in a teacup. He says the present court is loved and esteemed by nine-tenths of the population of China and that the same proportion of able-bodied men in China would rise to protect the existing dynasty.

The empress dowager, as the advisor of the emperor, holds a place in the affections of the people not dreamed of and not understood by foreigners. Her slightest wish is the emperor's law, though he is by no means the figurehead the foreign powers frequently suppose.

The emperor recognizes her ability, invaluable aid and advice.

The remaining bodies of Americans were shipped homeward this morning. They number fifty-four and will leave on board the transport Egbert tomorrow. The Egbert will also take twenty-seven military prisoners, a number of sick men, the discharged soldiers, the teamsters and other civilian employes.

JAPAN IS FIRM.

Yokohoma, April 8.—The Japanese government is maintaining great secrecy regarding its policy, but it is said on good authority that the cabinet at a meeting held Friday resolved to communicate with Russia in firm tones respecting Manchuria.

There is extraordinary activity in naval and military circles.

The news of Russia's decision not to press the Manchurian agreement was received here with a feeling of relief. In anticipation of complications that might ensue had Russia reached another conclusion, the government had resolved to postpone a number of important state undertakings, involving large expenditures.

MR. WU SEEKS INFORMATION.

Washington, April 8.—The Chinese minister was an early caller at the state department today to seek information as to the report in the advices to the state department that there had been an interruption of the diplomatic intercourse between Russia and China. Mr. Wu had not been advised of any such development and the information before the state department was so contradictory that it did not permit any clear explanation of the real state of affairs.

REV. BAILEY AN AUTHOR.

Rev. J. Webster Bailey, pastor of Plymouth Congregational church, is the author of a story called "At the Gate Beautiful," which was read by him in public for the first time Sunday morning in place of the regular sermon. The scene of the story is in Jerusalem and the time that immediately preceding the crucifixion of Christ. The story is a very beautiful one and it was listened to with great interest by a very large audience. The Ladies' society of the church has secured Mr. Bailey's permission to publish the work for the benefit of the church and already three hundred have been sold.

PLAN FIRE-PROOF BUILDING

HOME TELEPHONE COMPANY TO MEET TONIGHT.

Will Decide the Question of an Office Structure—Several Sites in View.

At a meeting of stockholders to be held at the rooms of the Commercial club this evening the Home Telephone company will probably make a definite decision regarding the proposition to erect a building for its own use. It has been under consideration for some time and it is expected that tonight the stockholders will either decide to retain the present quarters in the Bank block or else begin at once the work of building.

The chances very largely favor the purchase of a suitable site in a central location and building a permanent home for the company. Plans have been prepared for a three-story fireproof building, 35x90 feet in size, the second and third floors to be devoted to the business of the Home company and the first floor to be rented as offices. It is known that three sites are under consideration and it is believed options have been secured upon all of them, though the officials of the company decline to state in advance of the meeting what sites are looked upon with favor. The stockholders appear to very strongly favor building a permanent home and there is likely to be little difficulty in reaching a conclusion this evening.

KAISER WILL GO TO MANILA

FORT WAYNE YOUNG MAN GETS FINE APPOINTMENT.

Former Druggist Will be Instructor in Pharmacy at the General Hospital in Manila.

William C. Kaiser, of this city, has been appointed instructor in pharmacy at the United States general hospital in Manila and will leave Washington June 1 to assume the duties of his new position.

Mr. Kaiser formerly conducted a pharmacy on South Calhoun street and is well known in Fort Wayne. His home is at 34 Woodland avenue. Some weeks ago he enlisted in the United States hospital corps and at Washington successfully passed the examination for acting hospital steward. His rapid advancement will be very gratifying to his friends in this city.

Mr. Kaiser was also one of twenty men from the hospital corps who had been detailed to give an exhibition of the hospital corps drill at the Pan-American exposition this summer, where the litter drill and ward management will be exemplified for the edification of visitors. Mr. Kaiser's appointment to the position in the Philippines will, however, prevent his participation in the drills at Buffalo.

The regular meeting of the Allen County Medical society will be held in the city hall Tuesday evening, instead of in the assembly room of the court house, on account of previous rental of the latter for the night. Papers will be read by Dr. G. B. M. Bower and Dr. B. V. Swearingen.

Miss Inez Nulf, of East Creighton avenue, has been visiting friends at Columbia City.

TO KILL LOUBET

LIFE OF FRENCH PRESIDENT PLOTTED AGAINST.

COMING TRIP TO BE OCCASION

GREAT PRECAUTIONS TAKEN EVERYWHERE.

LOUBET LAUGHS AT FEARS

MORE ARRESTS OF STUDENTS IN RUSSIA.

London, April 8.—A dispatch to the Evening News from Paris says that the French detectives were privately informed of a projected attempt to assassinate President Loubet during his coming trip. Extraordinary precautions have been taken everywhere and the usual police protection has been doubled.

Outsiders have been excluded from the railroad stations. Ten thousand soldiers have been detailed to maintain order during the French president's stay at Nice, where stringent orders have been issued to rigorously suppress the slightest hostile demonstration.

President Loubet is inclined to laugh at the detectives' fears that an attempt will be made upon his life.

M. LOUBET AT NICE.

Nice, April 8.—President Loubet's arrival here today was signalized by a salute of 100 guns and by the hearty plaudits of great crowds of enthusiastic sight-seers. He drove to the prefecture in an open landau, drawn by six horses and escorted by gendarmes and cuirassiers.

The streets were lined with troops and dotted with triumphal arches. The buildings were festooned with flowers, decorated with flags and crowded with people, who greeted the president with alternate shouts of "Vive Loubet" and "Vive La Republique."

The official receptions at the prefecture were numerously attended.

DISORDERS IN RUSSIA.

London, April 8.—A dispatch from St. Petersburg to the Reuter Telegram company says the police at Kharkoff have arrested twenty-one students for rioting at the railroad station on the occasion of the departure of other students who were expelled for being connected with previous disturbances at Kharkoff.

A number of students were also arrested in St. Petersburg on leaving a theater, where they had manifested particular approval of certain passages of a play which seemed to refer to existing political conditions in Russia.

WILL BE NO STRIKE.

A member of local union No. 138, International Brotherhood of Electrical Workers, states to The Sentinel that there is absolutely no prospect of a strike of the "inside workers" of this city. He says there is no true foundation for the statement printed in The Sentinel Saturday that if the contractors refuse to sign a new scale soon to be presented there will be a strike. He says it is true that a new scale is soon to be presented, but that no trouble at all is anticipated, as it is expected that the scale will be signed by all of the leading construction firms of the city, several of which are already working on the same terms as are made the basis of the new agreement. That no strike is imminent will be good news to many interests in particular as well as the public in general.

GENERAL CLAY STILL ALERT.

Lexington, Ky., April 8.—General Cassius M. Clay continued fortified at the White Hall against all comers. Jim Bowlin, the tenant who lives in the little cottage near the residence, is the only man who saw him yesterday. Bowlin went to take General Clay the meals which Mrs. Bowlin had cooked. General Clay continues on the alert and every time that Bowlin knocks the general appears but always with a pistol in his hand. General Clay is spending the time writing the second part of his autobiography, which will contain the secrets of his private life. There are many incidents of great interest to the public, among them a probable explanation of the reasons for marrying his child wife, Dora Richardson. Brutus Clay, General Cassius Clay's son, says that his father is not insane and that his children have no intention of attempting to put him in an asylum. He says he thinks his father will give up the furniture belonging to Mary B. Clay and the sheriff will not be sent to White Hall again.

ROWDIES ATTACK PREACHER.

Elwood, Ind., April 8.—During a convention of the members of the Holiness church, which is being held in this city, Rev. Mr. Hass, in the midst of his discourse, was attacked by a gang of drunken rowdies, ranging in age from seventeen to twenty years. Mr. Hass was knocked down and trampled upon in his pulpit. A general scrimmage took place, the women and children fainting and screaming. A riot call was sent in and the police arrested three members of the gang.

BIG FRESHETS IN THE EAST

RIVERS CONTINUE TO RISE AND DANGER THREATENS.

Thousands of Hands Are Idle in Some Cities Where Mills Are Compelled to Suspend.

Boston, Mass., April 8.—The freshet conditions in the various rivers of New England resulting from the copious rains of the past week or more did not improve today. The rivers continued to rise and indications at nearly all points were that the record of the great floods of 1896 would be reached, if not surpassed. The absence of ice, which went out last week, from many of the rivers, thus far has prevented serious damage to property, but today thousands of mill operatives were compelled to stop work, as factories could not be operated on account of the high water. The chief property damage reached up to today was to railroads and highways from washouts. Lowlands in all sections were inundated. At one or two points bridges had been washed away and in some places the structures had been weakened. This caused considerable interruption to traffic upon various short railway lines in Maine, New Hampshire and Massachusetts, but trains on the main lines were running with nearly the usual regularity.

Among the mills which were compelled to shut down today were many at Lawrence, Mass., where 20,000 hands were idle; at Lowell, where the majority of the big corporations suspended; at Lewiston, Me., Manchester and Nashua, N. H. At Lowell the street railway power house was in the midst of a lake; at Nassua the light, heat and power company was on the verge of suspension.

Up to today the average rainfall in New England had been 2.68 inches since the first of April.

Light rains were falling over the whole of northern New England today, but the weather forecasters said that the indications were that the weather would clear late this afternoon or tonight.

DISSOLVES GAS INJUNCTION.

Chicago, April 8.—Judge Windes, of the appelate court, today dissolved the injunction recently granted by Judge Dunne, of the circuit court, restraining the People's Gas Light and Coke company from charging more than 72 cents per thousand cubic feet for heating or fuel gas. Judge Windes held that the circuit court is without power or jurisdiction to determine the rate which the gas company should charge its customers for gas. The injunction, which was granted about two months ago, caused a great deal of comment, as it was held that it established a precedent under which the rates charged by all street railways, gas and electric companies and big corporations could be fixed by the municipal governments.

YOUNG MAN ASSASSINATED.

Wichita, Kas., April 8.—Edward Sine, an employe of a hardware company, was shot and fatally wounded during the night while preparing to retire. The shot was fired from a window of a building opposite. T. J. Robinson has been arrested on suspicion and he is said to have been jealous of Sine, to whom Robinson's divorced wife rented a room.

SERVICE ON A NEW LINE.

Colorado Springs, Col., April 8.—Regular train service over the new Cripple Creek short line, the Colorado Springs and Cripple Creek District railway, was inaugurated today. Four passenger trains daily each way will be run between this city and Cripple Creek.

F. H. Fryer, a Ponete druggist, is in the city.

THE FIGHT IS ON

POLICE COMMISSIONERS ARE READY FOR OFFICE.

BONDS WILL BE DECLINED

COMMISSIONS COME AND THE BONDS ARE SIGNED.

STATUS OF FIGHT UNKNOWN

COMMISSIONERS TO HAVE A CONSULTATION.

The fight is on.

Yesterday morning Messrs. William Geake, C. S. Bash and A. B. Trentman received their commissions from Governor Durbin, naming them as the metropolitan police commissioners of the city of Fort Wayne, as provided for by the recent charter amendments. The gentlemen held no consultation until this morning, when they met in the offie of Mr. Trentman and discussed the situation as it appeared to them. They decided that they would make no attempt to cross any bridges before they got to them and agreed to proceed in a matter-of-fact way to take possession of the offices assigned them until they met with opposition. Mr. Bash said to The Sentinel that they have outlined no particular policy. After a short consultation in Mr. Trentman's office they went together to the city hall and asked Mr. Berghoff whether there was any particular form of bond required by the city and the comptroller answered that the city had a regular form and gave each of them a copy. The commissioners did not exhibit their commissions and gave no formal notice of the object of their visit.

They took the copies of the bond form and departed, arranging to come back this afternoon and present the bonds properly filled, provided Mr. Geake could return in time from the funeral of the late C. A. Munson, where he officiated for the Masonic fraternity.

After the visit Mr. Bash said to The Sentinel that they would present their bonds some time this afternoon and stated that he learned from attorneys that the bonds would be refused. At the time the documents were not yet prepared, but he said that his would be signed by Henry C. Paul and Charles McCulloch; Mr. Geake's by G. W. Pixley and Charles W. Wilding, and Mr. Trentman's by Henry C. Paul and John Mohr. He stated further that inasmuch as the charter provided that the city attorney shall also be the attorney for the board, he thought nothing further than a formal presentation of the bond would be done today.

It is clear that the city attorney is the attorney for both sides, yet he thought it best not to do anything, no matter how trivial, in opposition to the strict letter of the law. He declined to say what the next step would be, saying that he could not anticipate anything and had no present right to conjecture officially that the bond would be refused.

Mr. Berghoff said that the commissioners had yet made no official demand for recognition and he did not know what action would be taken by the city administration. He had given the gentlemen blank bond forms and would know better what to do when they presented them and knew more about their manner of procedure. "I think the creation of the offices is illegal and shall refuse to accept the bonds on that ground," said the comptroller. "We are in and they are out and the fight for possession of necessity devolves upon them. The administration will carry the matter up to the court of last resort and when the court declares that we are wrong we will submit as gracefully as possible, but we will contest the matter in the honest conviction that we are in the right and that the charter amendments are wrong and unconstitutional.

"We have no desire to resist a constitutional law, but want to be shown first that the law is constitutional. Our policy will depend entirely upon the next move of the gentlemen named as commissioners and I cannot even offer a vague conjecture as to what that move will be. One thing is sure, and that is that the proceedings will be conducted with dignity on our part and without any particle of personal feeling, but we propose to protect the rights of the citizens of Fort Wayne as we understand them."

There will be a meeting of the auxiliary to the Order of Eastern Star Tuesday afternoon.

LAST RITES FOR C. A. MUNSON

FUNERAL SERVICES HELD THIS AFTERNOON.

Miss Elizabeth Gaffney No More—Death of Robert Deming—Other Mortuary Matters.

Funeral services for Charles A. Munson were held this afternoon from the residence of Mr. and Mrs. Diederich Meyer, at 22 West Wayne street, under the auspices of Fort Wayne Commandery No. 4, Knights Templar, and a large concourse of warm presonal friends of Mr. Munson were present to unite in a last tribute of respect.

The remains lay in state from 10 o'clock to 12, and during that time many who knew and esteemed Mr. Munson during the years of his activity in public and business life filed past the flower-burdened casket and took a farewell look at his well-known features. Very rarely have the floral expressions been more profuse or elaborate than were those today. Among the more notable offerings were those from the several Masonic bodies, from Mr. Munson's friends at the Lexington hotel at Chicago, and from the Electric works in this city. In addition to these many personal friends both from this city and from abroad sent offerings of striking beauty.

Rev. Samuel Wagenhals, of Trinity Lutheran church, was the officiating clergyman, and the funeral services of the Knights Templar, as well as the ring service of the Scottish Rite, was used The latter service, at which in accordance with Mr. Munson's request his Masonic insignia was bestowed upon his little nephew, Brown Cooper, was especially touching

The interment at Lindenwood was private.

GAFFNEY.

Miss Elizabeth C. Gaffney, the estimable and accomplished daughter of Mrs Edward Gaffney, of 39 West Butler street, died Sunday morning, after a brief illness from acute pneumonia. Miss Gaffney was nineteen years of age, a graduate of St. Augustine's academy and a young lady whose admirable character endeared her to all her acquaintances. The surviving relatives include the mother, two sisters and two brothers—the Misses Maggie and Mamie Gaffney, E. F. Gaffney, of South Bend, and George Gaffney, of Pittsburg.

Funeral services will be held Wednesday morning at 8:30 from the residence and at 9 o'clock from St. Patrick's Catholic church.

DEMING.

Robert Deming, seventy-nine years of age, died at 6:30 o'clock Saturday evening at the residence of his sister, Mrs. Hetser A. Wood, 59 West Superior street. Mr. Deming was born in Connecticut, but for many years resided at Fenton, Mich., where he was engaged in farming. Recently he sold his property in Michigan and three weeks ago came with his son and wife, Mr. and Mrs. E. E. Deming, to Fort Wayne for a visit with Mrs. Wood before going to their new home in Oregon. A week after his arrival Mr. Deming became ill with hemorrhage of the bowels, which was the cause of his death. In addition to the relatives named he leaves a son, J. J. Deming, of Sacramento, Cal. Fred M. Smith, the hardware merchant, is a nephew of the deceased.

The remains were shipped this morning to Fenton, Mich., for interment.

HUNT.

William P. Hunt died at 10 o'clock Saturday night from stomach trouble at the home of his parents, Mr. and Mrs. Patrick Hunt, 6 Smith street, at the age of twenty-three years. The young man was unmarried.

He was a member of St. Patrick's Catholic church and of the Young Men's sodality. The surviving relatives include the parents and six brothers—John E., Thomas R., Charles J., Robert E., George F. and Patrick C. Hunt.

Funeral services will be held Wednesday morning at 9:30 from the residence and at 10 o'clock from St. Patrick's Catholic church.

PAYTON.

Thomas A. Payton, infant son of Mr. and Mrs. J. W. Payton, of 74 Barthold street, died this morning from spasms at the age of 5 months.

Funeral services will be held from the residence Tuesday afternoon at 1 o'clock. Interment at the Parker cemetery.

Cornelia Cordelit Cole, an inmate of the Indiana school for feeble-minded youth, died Sunday from tuberculosis, aged 18 years, 10 months and 23 days

THE A. R. BREMER CO.

CONFIDNT OF SUCCESS.

More Favorable Reports Received Yesterday from Persons Who Received Free Samples of Coke Dandruff Cure at Meyer Bros., & Co.'s Drug Store.

NINETY-SIX PEOPLE OUT OF THE ENORMOUS CROWD WHO OBTAINED FREE SAMPLES HAVE REPORTED.

So far 96 people out of the multitude who applied at Meyer Bros & Co.'s drug store on Saturday, March 29th, for a free trial bottle of Coke Dandruff Cure have reported; all but four give the strongest praise. The A. R. Bremer Company do not claim that scalp troubles of long standing will yield at once, but the encouraging reports from so large a majority of those heard from are most gratifying and the indications are that both the public and the A. R. Bremer Company will have great cause for rejoicing.

FREITAG.

August Freitag, a pioneer citizen, died at 9 o'clock this morning at his home, 142 South Wayne avenue, at the age of seventy years. Mr. Freitag's death was due to pneumonia, following an illness of but three days. He had been a resident of Fort Wayne many years.

Surviving are the widow and five children—August and William H. Freitag, Mrs. M. C. Inger, Mrs. William Wolf, and Mrs. C. Weiss. There are also nine grandchildren. The funeral announcement will be made later.

KOCH.

Albert Koch, son of Mr. and Mrs. Gustave Frederick Koch, of 57 West Lewis street, died at 11 o'clock this morning from peritonitis, at the age of seven years, ten months and twenty-one days.

The funeral announcement will be made later.

FUNERAL ANNOUNCEMENTS.

Phillips—Funeral services of Mrs. Caroline W. Phillips will be held Tuesday morning at 9 o'clock from the residence, 121 West Main street, and at 9:30 from the Cathedral.

The directors of the Fort Wayne Trust company held a meeting this afternoon.

Manager Hessen, of the Huntington Home Telephone company, was the guest of friends in the city over Sunday.

Several directors will be elected by the National Telephone and Telegraph company at a meeting to be held this evening.

Miss Harriet Wilmington, of the Musical kindergarten, has returned from Anderson, where she attended the teachers' convention.

The regular meeting of the Allen County Homeopathic society will be held tonight at the home of Dr. Martz. Dr. J. A. Stutz will read a paper.

Charles H. Jones, of Chicago, who is baggage inspector for the Illinois Central railroad, was in the city over Sunday, the guest of his sister, Miss Daisy I. Jones, of 22 Brackenridge street.

John Manary, formerly employed by the Consumers' Ice company, was struck on the right hand with a pitchfork Saturday night, and two bones in the hand were broken. A physician dressed the injury.

Workmen of the Fort Wayne and Southwestern Traction company are at work upon the poles for the line between the river and the towpath, and it is stated that as soon as the surveyors complete the work of securing levels and adjusting curves, the force of graders will be placed at work.

MAYOR FINED HIM THE LIMIT

OFFENSIVE TRAVELING MAN IS HEAVILY FINED.

Made Himself a Nuisance in a Hotel and Insulted a Woman on the Street—Police Notes.

The mayor was in a pretty good humor this morning until he went up against a fresh traveling man who undertook to run things during his trial and proceeded to ignore the mayor, the prosecutor and everybody else in corssquestioning the arresting officer. The man's name is Dennis McKelvy, and he was arrested at the Aveline house by Deputy Sheriff Ryan, who slated him with drunkenness. McKelvy was a guest at the house and had made himself obnoxious in the dining room and insulted a number of other guests who happened to be wearing Masonic charms. An effort was made to quiet him and he finally went to his room. Later he came down stairs again and going out on the street he accosted and grossly insulted a married lady near the post office, and even took hold of her arm. He was rebuffed and going back to the hotel again made himself so offensive that a request was made to have him locked up. He might have fared fairly well had he not got fresh; the mayor gave him the limit, $25 and costs, and he went over with the balance. As he was leaving the court room Mike Koehler, another prisoner, remarked, "Come on, pard, you're a citizen now."

Mike Koehler got on one of his orating drunks yesterday. He was filled to the neck with booze and from the neck up with oratory. He fought all the campaigns over from Abe Lincoln and Horace Greeley to William Jennings Bryan and brought it down a notch or two further and had a good word for Berghoff. The mayor said he guessed he'd have to charge the usual Sunday price, $10 and costs, whereupon Mike remarked that it was a mighty good thing that there was a new election coming on, because he'd see to it that hizzoner would not be re-elected.

John Moke, who took time by the forelock and got drunk Saturday night, said he had never been in trouble before and did not intend to get drunk at all, but guessed he must have made a miscalculation on the reach of bock beer. He was a pretty decent looking fellow and was fined $1 and costs and sentence suspended.

Emanuel Geasing, an inmate of the poor farm, confessed to being overloaded and his principal trouble was in understanding how he came to be arrested away down town when the last thing he could remember was of falling down away up on Lewis street. He spoke a few words of high Irish or low Dutch to the mayor and the thing was fixed. He was asked whether he could walk to the poor house and on answering in the affirmative was given an hour to get started.

Lovett Owen and his dog were in court. Lovett had been drunk and the dog looked as though he might be hungry. The prisoner looked a little the worse for wear, but said that he had been drunk. He claimed to have just come from the Philippines, where he served in the volunteer army. He had spent his money and lost his discharge and was on his way to Detroit, where his folks live. The dog he said he had got in San Francisco. He also claimed to be sick. The mayor said he would send him over under a twenty-one day sentence, but that after he got straightened up and well he would order his release and allow him to go. He said he had some doubts about the dog and army story, but would give him the benefit of the doubt.

A man named Mennewisch, living at 228 Francis street, reported that he had been bitten by a vicious dog in front of 146 Holman street. No one in that vicinity admits ownership of a vicious dog, but the officers are still investigating.

KILL AND EAT THEIR FRIENDS.

London, April 8.—The Singapore correspondent of the Daily Express wires a ghastly story of cannibalism at sea brought to Singapore by two survivors of the Nova Scotian bark Angola, wrecked six days' sail from Manila Oct. 23 last. The correspondent says:

"The survivors, Johnnsen, a Swede, and Marticornu, a Spaniard, assert that the Angola struck a reef. Two rafts were built. The smaller, bearing five men, disappeared. The other, with twelve men, drifted for forty days The sailors ate barnacles, seaweed and finally their boots.

"On the twenty-fifth day two became insane and killed themelves. On the twenty-sixth a Frenchman killed the mate with an ax, drank his blood and tried to eat his brains, but was prevented by the others. Next day the Frenchman was killed while attempting to murder the captain. The survivors, all of whom were now insane, ate the Frenchman's body.

"Cannibalism continued until only Johnnsen and Marticornu remained. On the forty-second day the raft stranded on Subi or Flat island, in the Natuna group, northwest of Borneo. Johnnsen and Marticornu were awfully emaciated. Friendly Malays sent them by junk to Singapore."

PLANS BIG CONSOLIDATION

WATER, GASLIGHT, TRACTION AND POWER COMPANIES

Through the United States to Be Combined—Many North Central Cities to Be In.

New York, April 8—Emerson MacMillan, who was one of the prominent stockholders of the East River Gas company, which is now part of the Consolidated Gas company, said today that he is making arrangements to consolidate another of gaslight, traction and water power companies throughout the United States. The companies already under consideration are: The Detroit Gas company, the Binghamton Gas works, the Columbus (Ohio) Edison company, the Grand Rapids (Mich.) Gas company, the Jackson (Mich.) Gas company, the Laclede Gas company of St. Louis, the Consolidated Gas company of Long Branch, N. J., the Madison (Wis.) Gas and Electric company, the St. Joseph (Mo.) Gas company, the St. Paul (Minn.) Gaslight company; the Western Milwaukee Gas company, the Denver Gas and Electric Light company, the Southern Light and Traction company of San Antonio, Texas; the Montgomery (Ala.) Light and Power company, the Jacques-Cartier Water Power company of Quebec and the Winnebago Traction company of Oshkosh.

The combined capital of these corporations is said to be about $35,000,000.

PEARSONS STIRS MISSOURI.

St. Louis, April 8.—Dr. D. K. Pearsons, the famous Chicago philantropist, passed through St. Louis en route to Springfield, Mo., where he will give away some more of his wealth for the benefit of educating the poor young men and girls. While here he made the remarkable statement that he is not a benevolent man. Said the doctor: "I am not a benevolent man. I am the most economic, close-fisted man you ever put your eyes on. You can tell it by my face. It's thers. I never went to a horse race or a foot ball game or a base ball game in my life. What I am doing is done on business principles. After practicing rigid economy for seventy years I asked myself what I should do with my money. I couldn't carry it out of the world in my dead hands and coffins were not made to carry money in. For that reason I turned my attention to sixteen different colleges. I did not establish new ones. We have enough. I wanted to provide a place for the poor boys and girls in the colleges and that is the reason I have been giving my money away.

"I believe in the little red schoolhouse," said he. "Let us educate the children of the poor. The rich men's sons do not need institutions endowed. They can go anywhere. What we should do is to educate the poorer classes and for this reason most of my endowments have been made to struggling institutions and they extend from Maine to Oregon."

Dr. Pearsons has already given away $3,000,000 a la Carnegie.

MAY DIG THE KANKAKEE DITCH

Laporte, Ind., April 8.—Judge Beeman, of Stark county, has ruled in favor of the construction of the Kankakee river ditch. The estimated benefits are $200,000 and 200,000 acres of land will be reclaimed. The ditch will be fifteen miles long, forty to sixty feet wide and twelve feet deep. This is but the beginning of the drainage of the Kankakee valley. No appeal was taken or prayed for. The great problem of draining the valley seems to be solved, so far as the courts are concerned.

BROKE ALL FORMER RECORDS

"THE FAITHFUL FEW" HAD A RED LETTER DAY.

S. F. Bowser's Sunday School Class at Baptist Church Yesterday With Attendance of 273.

S. F. Bowser and his well known Sunday school class, "The Faithful Few," of the First Baptist church, had a red letter day yesterday, breaking all previous records by far.

The regular Sunday school meets at 9:30 in the morning, but as there is not room for "The Faithful Few" to meet with the regular school, they meet at 2:30 in the afternoon, and it was yesterday at this hour that the record was broken badly, the previous high water mark being made some over a year ago, at which time there were 106 present. Shortly after that time Mr. Bowser broke down on the street in Chicago and was for some months in delicate health, but recently he has been improving very much and is taking hold of his Sunday school work with old-time vigor, and yesterday was a culmination of an effort to get all the members of the class together which now numbers about 220, and the effort was very successful, as there were 237 present, visitors included.

Mr. Bowser, as is his custom, met everybody at the door with a great big welcome and had four ushers to take care of the people as they passed in. In the meantime the Conklin orchestra discoursed instrumental music, and in due time the services were opened, during which the Apollo quartet rendered several selections which were greatly appreciated and highly complimented. The regular Sunday school lesson was read, after which Mr. Bowser gave a short talk along the line of honest, faithful Christian living. He spoke with considerable earnestness and left the question with each individual whether they were honestly living as they should or not. At this point Mr. Bowser gave a short history of the class, which was very interesting. He stated that some eight or ten years ago he took a class to teach, consisting of five young ladies and for some months it remained five during which time it was requested that each class give themselves a name, which was not promptly done by this class. Finally one rainy Sunday, when all five of the members were present, Mr. Bowser suggested the class be named "The Faithful Few." This being agreed to, the same was adopted and the class bears that name today. Mr. Bowser also gave the name of each of the five original members, after which A. Z. Polhamus, who is superintendent of the Sunday school, made some remarks complimenting Mr. Bowser and the class on their success; also urged all to make the most of this life and to cast their influence on the side of right, all of which was well received. At this point the teacher had the ushers hand to each one present a beautiful little Easter greeting, after which they sang "Nearer My God to Thee" and closed. Everybody was pleased and congratulated Mr. Bowser on the success of "The Faithful Few."

AIDED MISSION WORK.

At Simpson M. E. church Sunday morning the Sunday school held an enthusiastic Easter mission service that proved most interesting to all present. More than $56 was raised for missionary work by this school.

ABOUT THE CITY HALL.

The committee of the whole will meet this evening to consider the Maumee Valley and Decatur railway franchises. The Maumee Valley matter may be settled, but the Decatur matter does not look just right for immediate disposition and may be held up for a while longer.

The board of works is in regular session this afternoon. No petitions have yet been filed for consideration and it is likely that nothing but routine work will be transacted.

Chester A. Durnell has been granted a permit to erect a residence on West DeWald street to cost $1,500; Judge Aiken has taken out a permit to make an addition to his house on Wilt street to cost $800.

OIL TAKES A DROP.

Toledo, April 8.—Oil producers in Pennsylvania, Ohio and Indiana were still further discouraged today by a drop of 3 cents in the eastern, and 2 cents in the western market. The quotations now are: Tiona, $1.35; Pennsylvania, $1.20; North Lima, 88c; South Lima, 83c; Indiana, 83c.

GAIN FLESH

An Absolute Necessity in Many Cases.

A DECREASE IN WEIGHT FREQUENTLY INDICATES A DECLINE.

Our Modern Rebuilder, Vinol, Will Help You Do It.

THE WAY IT ACTS ON A DEPLETED CONSTITUTION IS SIMPLY MARVELOUS.

Are you getting thin? If you are you had better watch yourself. Take Vinol. It will build you up quickly and surely.

A healthy man does not vary much from year to year in his weight. This is as it should be. Vinol enables the organs of the body to renew flesh, muscle tissue, bone structure, and attends to purifying the great vital current of the human system, the blood.

Vinol contains the active curative properties of Cod-Liver Oil in a highly concentrated state, and is the most wonderful tonic that we have ever had anything to do with.

Vinol acts upon the stomach in a beneficial way, enabling it to obtain for itself the necessary ingredients from the food that is taken into it to build up the pure healthy body and increase the weight.

Mr. H. M. Stufell, who is a well-known passenger trainman on the Boston and Maine Railroad, suffered, as many railroad men do, with kidney and other troubles. He writes as follows:

"My kidneys troubled me a great deal, my bowels were very irregular, I had great distress in my stomach, suffered with bilious headaches, had no appetite, could not sleep nights, and was losing flesh rapidly. I began to take Vinol, I am now on my third bottle, and it is doing wonders for me. My kidneys are better, my bowels are again regular, my stomach no longer troubles me, and no more headaches, and as for appetite, don't speak of it; I sleep like a top and have gained thirteen pounds. You can count on me always to recommend Vinol as the king of medicines."

With many such testimonials as the above coming before us, it is not strange that we endorse Vinol as strongly as we do. We unhesitatingly agree to return to any one who has taken Vinol and is not satisfied that it has accomplished all that we claim for it every cent that they have paid us for this remedy.

ELEGANT NEW QUARTERS.

A. H. Perfect & Co. expect to occupy their new quarters in the Bash building on Columbia street, about the 18th of this month. The entire interior is being arranged on up-to-date lines and the office furniture and equipments will be models. It is gratifying to note, also, that Messrs. Perfect did not find it necessary to go outside of Fort Wayne to have their furniture built, as every piece of it will be the handiwork of Fort Wayne mechanics. It is being built by Edward Helmke, of the Central Furniture company, on Main street. All the desks, partitions, etc., are of elegant quartered oak, fitted with beveled plate glass, superbly finished and of splendid design, altogether a credit to the firm as well as the manufacturers. Mr. Helmke is also building a new line of office furniture for the Prudential Insurance company.

TOWN OF ANDREWS WINS.

Andrews, Ind., April 8.—The suit decided in the Huntington circuit court in favor of the Andrews town corporation grows out of the defalcation of Lessel Long, town treasurer, and the effort to collect from John Strouder and Joseph Baker, sureties on his bond. Long served as treasurer for eleven terms and he represented to the town council that school bonds calling for $3,000 had been paid, when, in point of fact, he had hypothecated them and appropriated the proceeds to his private use. The court held that the sureties were liable for the principal and interest dating back to 1894. An appeal will be taken. No prosecution lies against the ex-treasurer, being barred by the statute of limitations.

EXPECTANT HEIRS.

Auburn, Ind., April 8.—More than a dozen persons in northern Indiana are interested in the estate of a wealthy relative. Those in DeKalb county are John and Nancy Penick, of Butler, while others reside in Steuben and Lagrange counties. The estate is that of Leonard Case, of Cleveland, Ohio, recently deceased. It has been ascertained that it aggregates about $20,000,000, consisting of 887 business and dwelling houses, centrally located in that city. He left no direct heirs and made no will or other disposition of his property and it naturally reverts to the heirs of a brother and sister, the sister being the grandmother of John and Nancy Penick, of Butler.

NERVOUS DYSPEPSIA.

A CURE FOR IT.

Not a Patent Cure-all, Nor a Modern Miracle, But Simply a Rational Cure for Dyspepsia.

In these days of humbuggery and deception, the manufacturers of patent medicines, as a rule, seem to think their medicines will not sell unless they claim that it will cure every disease under the sun. And they never think of leaving out dyspepsia and stomach troubles. They are sure to claim that their nostrum is absolutely certain to cure every dyspeptic and he need look no further.

In the face of these absurd claims it is refreshing to note that the proprietors of Stuart's Dyspepsia Tablets have carefully refrained from making any undue claims or false representations regarding the merits of this most excellent remedy for dyspesia and stomach troubles. They make but one claim for it, and that is, that for indigestion and various stomach troubles Stuart's Dyspepsia Tablets is a radical cure. They go no farther than this and any man or woman suffering from indigestion, chronic or nervous dyspepsia, who will give the remedy a trial will find that nothing is claimed for it that the facts will not fully sustain.

It is a modern discovery, composed of harmless vegetable ingredients acceptable to the weakest or most delicate stomach. Its great success in curing stomach troubles is due to the fact that the medical properties are such that it will digest whatever wholesome food is taken, into the stomach, no matter whether the stomach is in good working order or not. It rests the overworked organ and replenishes the body, the blood, the nerves, creating a healthy appetite, gives refreshing sleep and the blessings which always accompany a good digestion and proper assimilation of food.

In using Stuart's Dyspepsia Tablets no dieting is required. Simply eat plenty of wholesome food and take these Tablets at each meal, thus assisting and resting the stomach which rapidly regains its proper digestive power, when the Tablets will be no longer required.

Nervous Dyspepsia is simply a condition in which some portion or portions of the nervous system are not properly nourished. Good digestion invigorates the nervous system and every organ in the body.

Stuart's Dyspepsia Tablets are sold by all druggists at 50 cts. per package.

They are manufactured by the F. A. Stuart Co., of Marshall, Mich.

Any druggist will tell you it gives universal satisfaction.

There is no doubt of Japan's courage. But the Mikado should remember that Russia also has a fighting record.

President Castro may be the "whole thing" in Venezuela, but Venezuela is not the "whole thing" in this hemisphere. This strenuous man will find himself sporting some variety of straight-jacket in due time.

Russia has forced the situation up to the powers by declaring she is in Manchuria to remain until a Chinese government that can govern is installed at Pekin. It is now to be determined whether or not it is easier to move Russia off than China forward.

The Gainsborough picture of the duchess of Devonshire is responsible for the ladies' headgear of that name. That being the case every one who has suffered obscuration of the earth and heavens from that cause will wish the artist had been stolen before he tempted womankind with the thing of evil he painted.

Russia has an army of more than 3,000,000 men. Japan can muster only 400,000. Russia has 105 warships of all kind—good, bad, and indifferent—Japan has about the same number. But Russia's troops are scattered over the entire empire from the Baltic to the Yellow sea. Japan can place most of her army on the mainland in the course of a week. Russia must keep the bulk of her army in Europe to guard against attack. Japan has no neighbors waiting restlessly to profit by her extremity. Russia's navy, such as it is, cannot be brought to bear on Japan for weeks. Most of her ships are in European waters. Japan has all her strength concentrated within striking distance. These facts make it appear that Japan could give Russia a busy half hour or so, if she could not keep her interest thoroughly awake for an indefinite period, as the Boers have done with the British in South Africa

A New York man fell asleep and the cigarette he was smoking at the time ignited his celluloid collar from which accident he suffered burns that will mark him for life. Of course, as any other cigarette fiend would do, he has blamed the celluloid collar and foresworn it forever, and will continue to put scars on his lungs, blotches on his complexion and degeneracy in his soul by the use of cigarettes.

The board of public works may recall that we have heretofore directed their attention to the need of some improvements about the flowing well in Swinney park. The only improvements that have been prosecuted there have been a changing from time to time of tin cups at the drinking spigots. What is most needed and what we have repeatedly suggested is the erection of a handsome and commodious pavilion above the well at such height as will make it attractive and yet not prevent the piping of the water above the floor. A pavilion, with stone foundation, board floor, steel framework and sheet steel roof, capable of accommodating several hundred persons, could be constructed at no appalling cost and it would not only highly ornament the park, but would add to the pleasure of the thousands who habitually go there in the warmer seasons. No improvement the board can make in Swinney park at present would command the appreciation of the people to a greater degree. Think it over, gentlemen of the board, and —do something.

A TICKET FOR EVERYBODY.

The city campaign is about to begin and there will be the usual noise and distraction of a heated political fray. Men will divide from each other on party lines and there will be a strenuous time generally. Notwithstanding this there is already a non-partisan ticket in the field on a non-political, but progressive platform. This citizens' ticket has nominated the Fort Wayne auditorium for one of the most important places in all the city and the platform declares solely for the city's good.

Everybody, men, women and children, without regard to age, sex or previous condition of finances, can vote for this candidate and support this platform. Candidate and platform appeal to the reason, the good sense, the upright citizenship, the civic pride and the self-interest of everybody in Fort Wayne The beauty of this auditorium election is that you can vote early and often. One dollar will enfranchise you for a share in the glory of the victory Five dollars will give you a good working influence in the contest and ten dollars will almost make you a boss

This is an election in which everybody ought to vote and but one way. Turn in with a good will and lively energy and make the election of the auditorium unanimous

IN YEARS GONE BY

(South Bend Times.)

Time was when some of the northern Indiana papers, all weeklies then, had very able writers as their editors. The St. Joseph Valley Register, with Schuyler Colfax as editor and proprietor, commanded great influence throughout the state. The Goshen Democrat was remarkably strong politically when Dr. E. W. H. Ellis, Col M B. Hascall, Judge Robert Lowry and Laporte Heefner were at the helm. Strong and vigorous were the editorials written by Judge James D. Osborn when he controlled the South Bend National Union in 1870. The Goshen Times had an exceptionally vigorous writer in the person of Dr. H. J. Beyerle. Col John C. Walker wrote editorials for the Laporte Times that would have been a credit to any metropolitan paper. Sims Major made a model paper of the Laporte Herald, then owned by Chas. G. Powell. No better editorial writing was ever done on a county paper than John D. Devor and Dr. John H. Rerick did on the Lagrange Standard. The Ligonier Banner had among its contributors such men as Michael C. Kerr, Col. Thomas Dowling, Joseph K. Edgerton and E. C. Hibben. The Fort Wayne Sentinel, at various times, had exceptionally able writers on its editorial staff, including such men as Judge Robert Lowry, Thomas Tigar, William Fleming and Samuel E. Morss. Bright and sparkling were made the columns of the Logansport Pharos when Rufus Magee was its editor and proprietor. The Plymouth Democrat was always ably edited. Splendid editorial work was done by Dr. B. F. Thomas on the Winamac Democrat during the seventies. Aaron Gurney wielded a powerful pen in filling the columns of the Valparaiso Vidette with original matter on politics and other subjects. Charles L. Murray injected a great deal of vim and vigor into the columns of the papers he edited at various times in Kosciusko county, Goshen and South Bend, and H. E. Wadsworth did excellent editorial work on the Laporte Argus.

MRS. FISKE IN "BECKY SHARP" TONIGHT.

One witnessing the performance of a great scene like that of the ball of the Duchess of Richmond at Brussels, as it is illustrated in "Becky Sharp," tonight, Mrs Fiske's new play from "Vanity Fair," could never realize, except from attendance upon the rehearsals from which it grew from the first, what an infinite patience and detailed drill and repetition are necessary to bring such a scene to a semblance of real life. While the current of the play flows through it and the process of the story is developed as the scene develops, the whole act, if analyze without reference to the plot, would seem to be made up of episodes almost without number, in which the many persons and personages on the stage take part in pairs and groups, as the action demands, and in excellent representation of the varied personal contacts of a great social function. Some two score or more of people figure during the progress of the act, some of them not connected with the development of the play except as lay figures, yet all necessarily trained to do the right thing at the right time in order to preserve the artistic balance of the drama. Even the figurants in this act are trained actors, and the act as a whole represents one of the most perfect ensemble achievements of the modern theater.

A MOTHER'S SAD FINDING.

Warsaw, Ind., April 8.—The ten-year-old son of Samuel Ward, three miles east of Pierceton, was found dead in the barn loft by his mother The boy had fastened a noose around his neck and when found he was on his knees, with his neck broken Whether his death was due to accident or was premeditated is unknown, but as the boy had been given permission to play in the barn, his parents are confident that the death was accidental.

CAUSE OF TROUBLE

ESTRANGING VENEZUELA AND THE UNITED STATES.

LATIN REPUBLICS FAITHLESS

REPUDIATION OF ASPHALT CONTRACTS RESPONSIBLE.

HISTORY OF THE TROUBLE

COURTS COULD SETTLE IT IF GIVEN A CHANCE.

Chicago, April 8.—The Record-Herald prints the following dispatch from William E. Curtis, its Washington correspondent:

The trouble in Venezuela grows out of a dispute betwen two American paving companies over the title to certain deposits of asphaltum in the state of Bermudez. These deposits are curious natural phenomena. The most celebrated and extensive is familiarly known as the Pitch lake of Trinidad, and lies on that island near the mouth of the Orinoco river, almost a stone's throw from the sea. It resembles a swamp in appearance, hummocks of sand covered with rank grass and underbrush rising above the surface, but they are surrounded by black mineral pitch instead of water. In some places the pitch is several hundred feet clear of sand and vegetation, and in spots it bubbles up like a spring. Science has failed to account for these curious deposits. They are composed of bitumen, turpentine, petroleum, maltha and other ingredients mixed with sand and limestone in powder, and are heated and renewed by subterranean fires. The lake always remains at the same level and when asphaltum is taken away the cavity will be refilled within a few weeks and sometimes days. At the bubbling springs the heat is at the boiling point, but the substance grows colder as one gets farther away and on the edges of the lake is as hard and solid as a paved street. There is always a crust caused by evaporation and the heat of the sun, but when it is removed the asphaltum underneath is about the consistency of ordinary mortar.

The National Asphalt company, of New York city, of which A. L. Barber, of Washington, is the principal owner, and Gen. Francis Vinton Greene, who was grand marshal at the recent inauguration, is president, owns the asphalt lake at Trinidad, and has arranged its facilities so conveniently that ships can be loaded directly from the deposit. It also owns several other deposits along the Venezuelan coast and has had practically a monopoly of the asphaltum of the American hemisphere

In 1888, when Gen. Guzman Blanco was president of Venezuela, he gave a concession to operate certain deposits of asphaltum in the state of Bermudez to an American biscuit drummer named Horatio R. Hamilton, of New York, with a stipulation that the concession "shall remain in force for twenty-five years, commencing from this date, December 7, 1888, and during that time the government shall not grant equal rights in the state of Bermudez to any other person" Upon that clause in the contract hangs all the trouble.

Hamilton sold his concession to the Barber company, which has been getting out asphalt under the title of the New York and Bermudez company, and a Mr. Garner has been the resident agent and manager.

In 1897 three native Venezuelans claimed to have discovered new deposits of asphaltum in the state of Bermudez, which, according to the poetic custom of the country, they named La Felicidad (the happiness), and sold their claims to Patrick Quinlan and W. C. Warner, of Syracuse, N. Y., for $40,000. About two years ago, soon after this transaction took place, there was a revolution in Venezuela by which Mr. Andrade was deposed from the presidency and Mr. Castro was seated in his place. The latter found an empty treasury, and needing funds to maintain his government and protect his authority, began to sell concessions and use other means familiar to the officials of the South American republics. The fact that one government will repudiate the acts and contracts of another disturbs public confidence, prevents the investment of capital and retards the development of a country. In Venezuela this practice has been common and some of the more valuable privileges and monopolies are sold anew to the highest bidder whenever the government runs out of money, regardless of contracts and obligations.

The Warner-Quinlan syndicate claims to have been acting in good faith when it paid a large sum of money to President Castro for the privilege of working La Felicidad asphalt deposits, and attempted to utilize their concession. The Barber company not only claimed a violation of the twenty-five-year monopoly granted to Hamilton, but asserted that the adventurers from whom the Warner-Quinlan company had purchased the claim had simply discovered the deposits covered by Hamilton's concession, which had been worked by Garner for eight or nine years. The government sustained the Warner-Quinlan company and told them to go ahead and take out all the asphalt they pleased, but when they sent men up to Lake La Felicidad the employes of the Barber company drove them off and a small war broke out between the rival American companies.

Mr. Loomis, our minister at Caracas, attempted to arrange matters between the two companies, and admonished General Castro's government that the rights of the Barber company must be protected and has shown a very firm and positive determination to see justice done. This has brought down upon him the hostility of President Castro and his adherents, and, although his official relations with the government continue to be friendly, he has been subjected to insults and petty annoyances of all kinds which he could not resent in a formal manner. The official newspapers of Caracas have published abusive attacks upon his personal character and have been illustrated with cartoons that were even worse. President Castro could have stopped this with a word, but has chosen not to do so. He continues to treat Mr. Loomis with respect and courtesy, but everybody knows that he has inspired the outrageous attacks upon the American legation. For that reason Mr. Loomis has been recalled and the simultaneous departure of Mr. Palido, the charge d'affaires of Venezuela in Washington, is practically equivalent to a suspension of diplomatic relations between the two countries.

The most serious cause of offense on the part of Venezuela is the arrest and imprisonment of the American consular agent in the state Bermudez for attempting to carry out the orders of Minister Loomis, and for that President Castro will be required to make ample reparation. In the meantime the rival asphalt companies are maintaining an armed truce. The Barber company is in possession of Lake La Felicidad. Captain Rafferty, who distinguished himself at the battle of El Caney with the Seventy-first New York volunteers, is in command with a detachment of armed employes. The dispute over the title will sooner or later reach the courts, where it should have gone at the beginning. The New York and Bermudez company can sue the Warner-Quinlan syndicate for trespass or the Syracuse syndicate can sue their rivals for the value of the asphaltum they have taken out.

Drug Deadened, Liquor Whipped!

Nerves that have the ill effects of too free use of stimulants. That have been whipped up by momemtary stimulating liquors or deadened by narcotics—maybe from the social glass—from the medicine bottle of Bitters, Sarsaparilla, Etc, (prepared with a large percentage of alcohol)—or from protracted use of narcotics—all amount to the same thing—Drugged nerves or alcoholized nerves call for more and more of the false stimulant as reaction comes—These are nerves which show Trembling hands and Limbs—Headache—Brain Confusion—Wakefulness—unusual desire for sleep, which when obtained does not rest—fitful appetite—Heart throbbing—irregular pulse—sour stomach eructions—irritation—depression—Weakened nerve force will get weaker if nerve waste is not replaced—This is done by Dr. A. W. Chase's Nerve Pills, they work wonders in building up the nerves—then nature does the rest, because every vital organ is again supplied with its controlling Power Nerve Force—Remember it is Dr. Chase's Nerve Pills that accomplish this—imitations don't—the genuine are always in this shape box with portrait and signature of Dr. A. STEVENSON TO MEREDITH.

The new edition of Stevenson's letters contains three new letters. We take the following from the one to Meredith: "For fourteen years I have not had a day's real health; I have wakened sick and gone to bed weary; and I have done my work unflinchingly. I have written in bed, and written out of it, written in hemorrhages, written in sickness, written torn by coughing, written when my head swam for weakness: and for so long, it seems to me I have won my wager and recovered my glove. I was made for a contest, and the powers have so willed that my battlefield should be this dingy, inglorious one of the bed and the physic bottle. At least I have not failed, but I would have preferred a place of trumpetings and the open air over my head."

There will be only one building at the Pan-American exposition in Buffalo designed in its entirety by a woman and that one is the structure which will represent the states of New England. The woman whose brilliancy as an architect has gained for her this honor is Miss Josephine Wright Chapman, of Boston.

B. W. SKELTON MAY BE NAMED

REPUBLICANS TALK OF HIM FOR MAYOR.

He is Strong and Popular and Has Done Lots of Party Work for Little Reward.

The republican primaries will be held in the various wards this evening, when delegates will be elected to name a ticket to contest the election of municipal officers next month. The delegates may or may not have an onerous duty to perform in the selection of a candidate for mayor. Capt. Charles Reese, now on his way home by easy stages, from two years' service in the Philippines, was telegraphed last Saturday and asked whether he would accept the nomination. What his reply was, or whether he replied at all, is not a matter of public information. Intimate friends of the captain, however, say that he certainly would not accept the nomination if offered him on a silver platter, and say that they would advise against it. Captain Reese has made a good record, has military aspirations, is naturally adapted for a military life, and it is not likely that he will in any sense seek any civic honors. Captain Ranke was also approached by republican leaders and sounded on how he would like to run as an independent candidate, with republican endorsement. The captain said that he had but so recently recovered from a little political sortie that he scarcely knew where he was at. From what he could gather by patching togather the scraps found lying loose, he believed that he could safely conclude that he might profitably keep out of the mixup and therefore he felt constrained to decline the honor with thanks.

The latest acquisition to the ranks of possibilities is B. W. Skelton, who is said to have been decided upon as the republican standard bearer and who, it is likewise said, will accept the responsibility. The latter statement could not be confirmed today, as Mr. Skelton is out of the city, and so far as The Sentinel can learn, has deputized no one to speak for him. Before leaving the city this morning, when asked about the matter by a friend, he said that all he knew of it was what he had seen in a morning paper. If Mr. Skelton will accept the nomination the problem is doubtless solved and for the party, happily, too. Mr. Skelton is a worthy man, is capable and deserving. He has always been a consistent republican, has given freely of his means to his party's support and largely of his time to the espousal of its interests. He has been a hard worker always, but unfortunately for him, whenever there was honor of any kind to be distributed, he was given the tacky end of the stick. He was always told that he was a good fellow, that his services were appreciated and that the party loved him, but that so far as anything else was concerned it was hoped that he would readily see that for the good of the party he should sit down. With Mr. Berghoff as the democratic nominee, the duty of conducting a campaign against him must be conceded as an honor, and whether the republican masters will eventually allow Mr Skelton to bear that honor remains to be seen. There is also another side to the question and one that will provoke the liveliest squirming. Mr. Skelton, as is well known, is a candidate for the postmastership. Should he be nominated for mayor and make a creditable race, although a losing one, he might acquire a claim to recognition that he does not now so fully possess. How that will strike the present federal management is a question and it may be that Mr. Skelton's candidacy may not bear fruit of nomination. It is a ticklish question all the way round for the friendly enemy to settle and can not be disposed of until Mr. Skelton's return to the city, which will be tomorrow or Wednesday.

SOCIAL DEMOCRATS.

The social democrats this morning submitted a petition signed by twenty-five voters asking that their candidates for municipal officers be placed upon the city ticket at the coming election. The petition presented the following names of candidates:

—Mayor—
Martin H. Wefel.
—City Clerk.—
Emmet Martin.
—Councilmen.—
First Ward—Frederick C. Heine and Lewis B. Down.
Second Ward—No candidates.
Third Ward—Charles M. Maxwell and Charles A. Scott.
Fourth Ward—Thomas J. O'Brien and George Strasser.
Fifth Ward—Frederick W. Stolte and Robert Vieweger.
Sixth Ward—Frederick H. Rolf and Henry L. Cohen.
Seventh Ward—Tilden T. Wilkinson and Sam D. Marchant.
Eighth Ward—Gustave Benecke and William Hartman.
Ninth Ward—Joseph E. Ferguson and George Aichele.
Tenth Ward—John Brinskill and Henry Eutrecht.

COURT NEWS.

In the case of Minnie Reitze vs. the supreme council of the Royal Arcanum and Charles F. Reitze the court found for the plaintiff in the sum of $1,500 and for the defendant, Charles F. Reitze, $375, and co-defendant, William Reitze, for $1,125. Minnie Reitze is the widow of John B. Reitze, who was divorced over a year before his death. The rules of the order are that in case of a divorce the benefit is paid to heirs other than the divorced wife. Mrs. Reitze contended that the council continued to receive money in payment of assessments after the divorce and that it was accepted with a full knowledge of the facts in the case.

A ROMANTIC COURTSHIP.

New York, April 8.—The romantic story of the courtship of Miss Satterfield, the daughter of Mrs. John Satterfield, of Buffalo, and Franz Josef, Count Von Larisch of Austria, has become known at Allentown, Pa., through friends of the couple, according to a special to the Journal and Advertiser. The prospective bride, who has just reached her majority, met her future husband a year ago while touring the continent. The count, who is 22, came to America several months ago, proposed marriage and was accepted. The empress of Austria is his aunt, and when he was baptised the emperor stood as his sponsor. Miss Satterfield and the count are visiting Allentown. Prince Henriech, one of the many Austrian princes and a close friend of the count, is expected in New York on Wednesday and the formal announcement of the engagement, it is then expected, will be made. Miss Satterfield's father, who was connected with the Standard Oil company, died suddenly in Europe a few years ago, and left the future countess, who is his only daughter, an independent fortune.

TOO MANY INFIDELS.

"Students of colleges and universities are being made infidels under our very eyes," said a member of the Woman's National Sabbath alliance of its regular monthly meeting yesterday morning. She lamented the fact that textbooks are written by skeptics and agnostics and that, as a consequence, statements made regarding religious creeds are caricatures. Anent the subject, another member stated that college students are often obliged to travel on Sunday, because they must reach their class rooms early on the mornings of Mondays following vacations. She suggested that the attention of college presidents be called to this condition. In these easy-going days, she said, young people do not rise at 6 o'clock in the morning or earlier in order to catch early trains. A discussion followed this and the matter will be brought before the board of directors. The meeting was informal and a variety of topics was discussed. Mrs. Darwin R. James presided and said:

"No nation rushes into fads as we do. The trend is rapidly downward and the barriers guarding Sabbath observance are rapidly going down. The Sabbath law is not only written in the Scripture, but in the heart of every man and animal. If we are to be the nation we ought to be and might be—the leader of everything good in the earth—the Sabbath must be preserved."—New York Tribune.

A SCRAP OF HISTORY.

In March, 1847, General Winfield Scott captured Vera Cruz. It was strongly fortified on the land side, and toward the gulf was defended by the Castle of San Juan de Ullaloa, the then strongest fortress in America with the exception of Quebec.

The bravery and gallantry, the hardihood and endurance displayed by Americans in the Mexican war are not always remembered. It was the men of the South and Southwest who fought this war, and they were worth the applause of history.

On March 10 the investment of Vera Cruz was begun by General Worth, and the American lines were definitely established around the city for a distance of six miles. During the day, and for several days thereafter, bodies of Mexicans attempted to harass the besiegers, and a steady fire was maintained upon them by the guns of the castle and the city as they worked at their batteries. The American works being completed and their guns in position General Scott summoned the city to surrender, stipulating that no batteries should be placed in the city to attack the castle unless the city should be fired upon by that work.

This demand was refused by General Morales, who commanded both the city and the castle, and at 4 o'clock on the afternoon of March 22 the American batteries opened fire upon the town. The bombardment was continued for five days and the fleet joined in the attack upon the castle. The city suffered terribly; a number of the inhabitants were killed, and many buildings were set on fire by the shells. On the 27th the city and castle surrendered, and were occupied by the Americans. The inhabitants were protected, however, in their civil and religious rights.

The railways in this country support about four million persons and their families.

The name of the postoffice Half Rock, in Missouri, is not to be accounted for by any peculiarity of the physical features of the place, as might be supposed. It seems that one of the first buildings erected there was a general store, the proprietor of which sold such bad sugar that his customers declared it to be "half rock."

NEWS OF THE DIAMOND

The club owners and the schedule committee of the Western association met at Louisville on Saturday night and yesterday, and formulated a schedule for the season and transacted some other business which came before the congress of magnates. Out of the smoke and dust incident to the meeting, Fort Wayne emerged in a whirlwind of gore slightly disfigured but still with its clothes on, probably due to the fact that they were glued on. In the schedule arrangement Fort Wayne came out just behind the flag in everything except Sunday games, and as there is some doubt about Sunday ball in this city the fact that it got ten out of nineteen seventh day games is not much to whoop about. The "other things" is what knocks, however. The announcement is that Fox and Ames, one of the strongest batteries claimed by Manager Miller, goes to Grand Rapids, is not one that will be likely to create much enthusiasm in the souls of the local fans. There was a scrappy time at Louisville on Saturday night, in which President Mautner and Deacon Ellis, of Grand Rapids, mixed it up and the deacon came out with flying colors. He claimed Fox and Ames from the Mansfield club and Mautner protested. Both men stuck for what they claimed were their rights, and finally Ellis threatened to withdraw, and Mautner was forced to capitulate. Fort Wayne opens the season at Toledo for four games and then comes home for four games with Grand Rapids; then goes to Marion for four and returns and plays a series of twelve games with Louisville, Indianapolis and Dayton, in the order named. Toledo will not be seen here until June 2 and Columbus will cross bats on the home grounds for the first time June 19.

President Meyer returned from Louisville this afternoon and an interview with him puts a slightly different aspect on some things connected with the meeting. The Grand Rapids representatives who attended the Fort Wayne meeting two weeks ago, did not correctly represent things to Deacon Ellis when they returned to their Grand Rapids home. Mr. Ellis at Saturday's meeting simply stood on his hind legs and declared that if he was not allowed to have Fox and Ames he would withdraw from the league. He did go so far as to leave the room and prepare to leave the city, when, at the earnest solicitation of the other club owners, Mr. Mautner consented to sacrifice the two players demanded. With regard to holiday dates, a resolution was passed at the Louisville meeting whereby all receipts in all cities of the association will be pooled and equally divided among the eight clubs. This gives Fort Wayne an equal show with any of the others and does not make the situation quite so bad.

President Ebbets, of Brooklyn, has reclaimed Sheckard from the Baltimore American league club. Sheckard was not sure as to the validity of his contract with Baltimore and consulted National league counsel, and was naturally advised to return to Brooklyn.

Poole, formerly on Wheeling's pitching staff, and Donahue, the ex-Dayton catcher, both with Pittsburg, are making wonderful records at Hot Springs.

The uniforms of the Mud Hens this year will be cadet gray knickerbockers, shirts, black caps and black stockings. On the left pocket there will be a large Roman "T."

In an interview in Cincinnati a few days ago Bobby Quinn had the following to say of Catcher "Billy" Bergen, who was drafted from the local team by Cincinnati: "Cincinnati has a jewel in Billy Bergen. He is even a better thrower than his brother Marty. I have seen them both. If he gets a chance he will make good in the big league. He can throw from any position with no apparent effort. He was easily the best catcher in the Inter-State league last year. He can catch a ball knee high and throw out runners at second base underhanded. He will hit as well as lots of catchers. I'll bet he will not hit under .250. He is a prize."

Columbus is not so very badly broken up over the flunk of Motz, but feels very sore at the treatment he gave the managers. The Columbus club owners are now negotiating with Billy Nash, late of the Bostons, to manage the team this season. Meantime Bobby Quinn is taking care of everything that comes his way and Columbus can be depended upon to be all right when the season opens.

The Toledo players commenced practice at Armory park in Toledo today. The Toledos will practice in the armory in inclement weather.

Manager Watkins has appointed Mike Kelley captain of the Indianapolis team and has released Pitcher Potter, Catcher Cummings and Infielder Smith.

George Nill, of last year's Shamrocks, who signed with Marion, left yesterday for that town, where he is a candidate for shortstop. Nill is one of the fastest amateurs in the country and gives great promise of developing into a great player.

Kelley, Indianapolis' first baseman, has been selected field captain of the capital team. President Watkins has already commenced the pruning process and after the first game let Potter, a pitcher; Cummings, a catcher, and Smith, a fielder, go.

Earl Moore has not yet shown up at St. Louis for practice and Manager Donovan believes he has flopped to Cleveland.

Jack Law, first baseman with Mansfield last year, passed through the city Saturday on his way to Kansas City. He put in about six hours with the local fans and the "pipes" that he told will keep lots of 'em awake nights for a month to come.

Dayton has signed Pitcher Oscar Streit, who was with the club two years ago and was this year claimed by Anderson and Columbus, but somehow managed to clear matters up and sign with Dayton. The "Old Soldiers" now have exactly a dozen pitchers on the claim list.

The National league teams have now been practicing just a week and are unanimous in declaring the new rules "strictly on the pork." The rule declaring the first two fouls strikes is particularly obnoxious. It is said to work a great hardship on hitters who do not foul intentionally and will play particular hob with the 300 hitters, while it will give the pitchers credit where they do not deserve it. It's easy picking for the pitcher. When the batter comes up the pitcher can shoot a hot one in on his head or slats and he'll stand away and make a few fouls while doing his best; then a nice one over the plate and the trick is off. It is said that before the present week is out there will be a formal protest sent to the rule committee asking for the abrogation of the hit-by-pitched-ball rule and the foul-strike rule.

THE MARKETS.

Chicago, April 8.—May corn changed hands in heavy quantities at the opening of the market today, selling ⅛c to ⅜c lower at 44c to 43¾c under the influence of seasonable weather and liberal receipts. The opening rush to sell being over, the market became firmer. May reacted to 44⅜@44½c on a scattered demand. Receipts were 261 cars, 74 of contract grade.

May later worked down to 43¾@43⅞c on profit-taking, but rallied and closed firm, ⅛@¼c net higher at 44¼@44⅜c.

An increase on ocean passage, together with the favorable weather and predictions of a bumper crop, caused weakness in the wheat market at the opening, but later the losses were more than regained on covering in an over-sold market. May opened ⅛c to ⅛c lower at 70⅝ to 70¼c under liberal offerings. Reports of frosts in Germany, the corn strength and moderate world's shipments caused a change in sentiment and May rose sharply to 71⅛@71¼c. Local receipts were 93 cars, none of contract grade, while Minneapolis and Duluth reported 411 cars against 480 last week and 608 a year ago.

May advanced to 71¼c on covering and closed firm, ⅛c higher at 71¼c.

Oats were quiet. May opened a shade to ⅛c lower at 25⅜c to 25⅜c and recovered to 25⅝c. Receipts were 221 cars.

Trade in provisions was dull and the tone of the market rather easy. May pork opened 5c lower at $14.80; May lard 2½c down at $8.37½, and May ribs 2½c depressed at $8.15.

THE CLOSE.

Prices at the close were as follows:

Wheat—April, 70½c; May, 71¼c, July, 71¾c.

Corn—April, 43¾c; May, 44¼@44⅜c; July, 43⅜c.

Oats—April, 25⅜@25½c; May, 25½@25⅝c; July, 25½c.

Pork—April, $14.40; May, $14.50; July, $14.60.

Lard—April, $8.37½; May, $8.25; July, $8.17½; Sept., $8.15@8.17½

Ribs—April, $8.10; May, $8.10; July, $7.92½; Sept., $7.92½.

Flax—Cash N. W., $1.53½; No. 1, $1.52; May, $1.53.

CHICAGO LIVE STOCK.

Chicago, April 8.—Cattle—Receipts, 20,000; market generally strong to 10c higher; active. Good to prime steers, $5.00@6.10; poor to medium, $3.85@4.95; stockers and feeders, $2.75@4.75; cows, $2.90@4.60; heifers, $2.90@4.75; canners, $2.10@2.85; bulls, $2.85@4.60; calves, $4.75@6.00; Texas fed steers, $4.25@5.30; Texas grass steers, $3.50@4.00; Texas bulls, $2.85@4.00.

Hogs—Receipts today, 18,000; tomorrow, 15,000; left over, 2,600. Market 5c higher; top, $6.20. Mixed and butchers, $5.85@6.15; good to choice heavy, $6.00@6.20; rough heavy, $5.85@5.95; light, $5.80@6.10; bulk of sales, 5.95@6.10.

THE DAY ON WALL STREET.

New York, April 8.—The stock market showed signs of demoralization at the opening after the triple holiday, owing to the accumulation of a number of unfavorable factors, especially the depletion in banking reserves, disclosed by Saturday's bank statement.

There was no market in London today and foreign markets were not a factor here. Prices broke with great violence in some of the speculative favorites of last week. The first sale of Rock Island was at a decline of 1¼, and the next sale of 100 shares caused a break of 2⅛ further. The price plunged to 6¼ below Thursday's final price. The other Grangers were acutely depressed in sympathy. Burlington declined an extreme ¾, showing a drop of 2 points between sales.

St. Paul lost 2, Amalgamated Copper 2¾, Delaware and Hudson 4½, Northern Pacific 2⅞, Manhattan 3⅛, Louisville 2¼, New York Central 3, and an extended list of other important stocks from 1 to 2 points. There were a few gains, but they yielded after the opening. Smelting moved contrary to the market with a violent rebound of 9 points and the preferred 2½. Very heavy blocks were unloaded at the decline and the price movement became very erratic and violent.

The violence of the opening decline made the level of prices attractive to the shorts for covering, and there were some speculative purchases for a quick turn which rallied Delaware and Hudson and Rock Island 3½ and Northern Pacific, St. Paul, Burlington, Manhattan and Amalgamated Copper 2@2½. The general tone was improved by the decided strength of Sugar, Texas and Pacific and some minor stocks, which rose 1½@3 points above Thursday's close.

Smelting broke 5 points and the preferred 2 from the opening bulge. The market was intensely feverish and nervous on the rally and there were frequent dips in the course of the recovery. United States Steel yielded 1¼ and the preferred nearly a point, but recovered with the general market.

No especially large offerings met the rally and the rise in Sugar to 144⅞ encouraged the bulls to bid more liberally for other stocks. In only a few instances did the rally wipe out the earlier losses, examples being People's Gas and Metropolitan Street Railway, which were 1¾@2 points above last week's close. Realizing by the professionals caused a set-back before midday, which was most marked in some of the railroads, Sugar and Amalgamated Copper.

Bonds were irregular.

NEW YORK PRODUCE.

THE GRAPHOPHONE GRAND.

To meet the constantly growing demand for a graphophone of the Grand type at a figure that will suit the popular purse, the Columbian Phonograph Company announces that the price of the Columbia Grand Graphophone is reduced from $75 to $50, of Grand records from $1.50 to $1 each, and of Grand blanks from $1 to 75 cents each. These machines give forth reproductions of sound with the same volume and quality as the original rendition. They speak and sing with the volume of a giant's voice; yet with the intensified vibrant power there is no sacrifice of quality, but, on the contrary, a richer, fuller and more faithful reproduction of the timbre of the original sound is obtained. Five hundred dollars was the price of the machines when first offered for sale, and the original price of large records was five dollars each. Facilities for the manufacture of the goods on a large scale and the bringing out of new models, have made possible great reductions in price. There is now no obstacle to the universal adoption of the Grand graphephone as the most fascinating home entertainer of modern life.

The Columbia Phonograph Co., No. 88 Wabash avenue, Chicago, headquarters for graphophones and talking machine supplies of every kind, will send you catalogues on application.

The strongest lecture of the People's lecture course will be given by Rev. J. M. Cleary at Library hall tomorrow night.

About 25,000 robin redbreasts are exported from England annually.

IN THE MATTER OF CRYING.

While Weeping Is Quite Natural It May Be "Cured" In Children.

It comes natural to every woman to pity a child when it hurts itself. If the misadventure be of little the mother immediately takes the little one in her arms and in her most sympathetic, pitying tones tries to soothe it. And of course the child concludes something terrible has happened to it and cries vigorously. A little baby if pitied can soon be brought to a weeping state when nothing whatever is the matter with it. Just call up your most tender, sympathetic tone, ask him that time honored question, "Did they boos the baby?" and the little lip will begin to quiver, the mouth to droop, and soon a wail breaks forth that is meant to indicate that "they" did.

Of course children will cry sometimes. Crying is an institution that cannot be done away with. Cries more or less is expected with the advent of the little stranger, but the more or less depends largely on the parents. A child can be laughed into a good humor. Instead of pitying him at the numerous little hurts he gets, those that are really of no importance treat them as a good joke. Laugh at them, and the baby will quickly laugh with you. It doesn't take long to chase the tears away. Besides doing away with a lot of unnecessary crying it teaches him not to mind little hurts and develops a brave, manly little fellow. This does not apply to serious mishaps, but to those numerous little bumps which youngsters are continually getting and which a little pity quickly magnifies into something of importance in childish eyes.

Never giving a child anything he cries for is another excellent way to nip in the bud the crying habit. If it is proper for him to have, promise it to him when he stops crying. Reward his good behavior, not his bad. Of course if bad habits in this direction are formed, it is hard to correct them. But such discipline observed from the beginning will make crying an infrequent performance in the home where the youthful monarch reigns.—Philadelphia Telegraph.

THE TITLE REILLY TOOK.

He Made Himself as Big a Man as the Best of Them.

"When you mention the name of John Reilly, you touch a reminiscent chord in the hearts of hundreds of the older residents of Baltimore," remarked a well known gentleman.

"On one occasion Reilly had to journey to Philadelphia on business. It was in the time of the old stagecoaches, and he made his way leisurely along. Upon arriving there he registered at one of the leading hotels. That leads up to my story. At that time it was customary for men to add to their signatures such titles or evidences of dignity as they possessed. When Reilly looked over the hotel register, he saw something like this: 'John Jones, LL. D.; William Smith, A. M., A. B.; Samuel Johnson, D. D.' Seizing a pen, he inscribed the following: 'John Reilly, F. R. S.' Then he went about his business and spent a pleasant and profitable afternoon.

"Returning to the hotel at night, he was met by a committee of leading and learned citizens. They greeted him with great deference and expressed their gratification that such a distinguished man should be in their midst. He was urgently requested to deliver a lecture before some scientific body during his stay. You see, they judged from the mystic letters on the hotel register that he was a fellow of the Royal society.

"Reilly was a man of imposing personal appearance. He made himself very agreeable to the committee, but could not name a date for the lecture. When they left him, a friend asked the reason of the demonstration.

"'What do you mean by writing the letters F. R. S. after your name, any way?'

"'They mean "fried, raw and stewed," and I serve the best in Baltimore.'"—Baltimore Sun.

The Germ of an Invention.

The late General George B. McClellan, U. S. A., is credited with having made the statement many years ago that the sinking of clams into the sand along the ocean shore by closing their shells and ejecting the water from them in a thin stream first suggested to him the use of the water jet as an aid in sinking piles in sand. At any rate as long ago as 1852 a water jet was so used by General McClellan's advice in putting down piles for a wharf and warehouse. Water was forced through an ordinary rubber hose, with a piece of gas pipe on the end for a nozzle. This was placed close to the point of the pile on the bottom, the jet of water scouring the sand away from the pile and making a hole, in which the pile sank rapidly.—Cassier's Magazine.

Sensitive Tobacco Plants.

In Cuba the best tobacco comes from one strip of land only, the slopes of a certain river, and even there a north wind may ruin the crop. Tobacco is the most sensitive plant we know of. The smallest thing affects its flavor. Plant Virginia tobacco in Germany and the result is a better tobacco, but it is German tobacco, not Virginian. In north Borneo they produce the most delicate and silky leaves that ever were seen, but the tobacco lacks character and taste. Send Havana seeds to the Philippines, and you merely produce a superior Manila.—Cleveland Plain Dealer.

SHALL WE HAVE THE AUDITORIUM?

Shall the auditorium be built?

The Commercial club decreed that so far as lay in its power it should, and then proceeded to launch the movement upon the sea of public spirit and collective enterprise. It adopted a fundamental policy of a building without a debt, delegated a special committee to proceed, charged with the duty of pushing the movement to a successful conclusion, and agreeing to pay the necessary expenses with the expectation that these would be returned to it if the enterprise was successful. The club showed a disposition to use the limit of its influence and power to promote this great movement, and in stipulating that the preliminary expense be returned to its treasury, if success result, proved its loyal disinterest in the movement; it showed that it is trying to give momentum to the movement for the city's good, without entailing upon the stockholders of the Auditorium association any obligation to the club. What it has done has been no more than it ought to do and nothing that it has done shows a particle of motive except the public good. The Commercial club has no axes to grind for its own benefit. Now comes the question:

Will the auditorium be built?

The answer lies with the people, and the fact that the small subscriptions printed thus far show an aggregate of over $1,000 should be taken of the final answer. The people of Fort Wayne are surely not going to allow the effort to fail and brand the city of Fort Wayne as a "short skate" in public spirit in the mind of the people of the Twelfth congressional district, to say nothing of the counties contiguous, but outside the district. There is no reason to be discouraged because two months have passed since the movement took shape. This enterprise is one that will require time and patience and must win if it takes all summer.

This should be the constant expectation of the solicitors. Many of them have secured promises, more have not fully covered their territories, and probably not one has done all that he could. The collective resources of the people are so many times more than what is needed to supply the money for the auditorium that no doubt can follow the persistent effort on the part of the over one hundred solicitors. It is evident, however, that the ward chairmen should begin to revise their lists of solicitors. Those who have done nothing and show no disposition to give any time or effort, or other form of encouragement to the work assigned them, should be supplanted by others.

It is time to show some firmness and invincibility of purpose. Warm weather cannot be two weeks off, and then everybody will take on the encouragement of renewed vigor. Business will encourage activity all along the line. Money will begin to circulate and public spirit will begin to pulse responsive to the sun's stimulating rays. Everybody's temper is more or less winter-raw and a few days' sunshine will cheer the weather-beaten people of Fort Wayne. Nobody should be discouraged or quit the good work.

CATARRH

Catarrh has become such a common disease that a person entirely free from this disgusting complaint is seldom met with. It is customary to speak of Catarrh as nothing more serious than a bad cold, a simple inflammation of the nose and throat. It is, in fact, a complicated and very dangerous disease; if not at first, it very soon becomes so.

The blood is quickly contaminated by the foul secretions, and the poison through the general circulation is carried to all parts of the system.

Salves, washes and sprays are unsatisfactory and disappointing, because they do not reach the seat of the trouble. S. S. S does. It cleanses the blood of the poison and eliminates from the system all catarrhal secretions, and thus cures thoroughly and permanently the worst cases.

Mr P. H. McAlhster, of Harrodsburg, Ky., writes: "Having been a terrible sufferer from Catarrh, and being now sound and well, the question often put to me is, 'What cured you?' In answer I feel it my duty to state that Swift's Specific is the medicine. I am such a true believer in the efficacy of Swift's Specific that I can honestly and conscientiously recommend it to any one suffering from Catarrh. Have recommended it to many, and am happy to say that those whom I have induced to use it can bear me out in the statement that it will cure any case of Catarrh if taken according to directions."

SSS is the only purely vegetable blood purifier known, and the greatest of all blood medicines and tonics.

If you have Catarrh don't wait until it becomes deep-seated and chronic, but begin at once the use of S. S. S, and send for our book on blood and skin diseases and write our physicians about your case.

MR WARREN TALKS

GIVES SITUATION FROM EMPLOYERS' STANDPOINT.

A STRIKE IS NOT EXPECTED

EMPLOYES DISPLAY A SPIRIT OF CONSERVATISM.

REPAIRED TEN LOCOMOTIVES

WABASH SHOPS ESTABLISH NEW WORK RECORD.

New York, April 8.—Neither employers nor employes have made a decisive move in the wage dispute that may terminate with a strike on the Central Railroad of New Jersey. It is expected that the men will confer within the next twenty-four hours and by vote agree upon a plan of action. It is difficult to take the measure of the sentiment of the moving army of men that a railway system employs, but as far as it can be sounded on the Central the men seemed to be moved by a spirit of conservatism and to be inclined to refrain from striking until every resource of conference and arbitration has been exhausted. The withdrawal from the city of the chiefs of the brotherhoods of railway men after an unsuccessful attempt to secure a conference with the officials of the railroad restores the dispute to one directly between the company and its men. Charles H. Warren, vice president of the company, speaking for the railroad, made this statement today to the Associated Press:

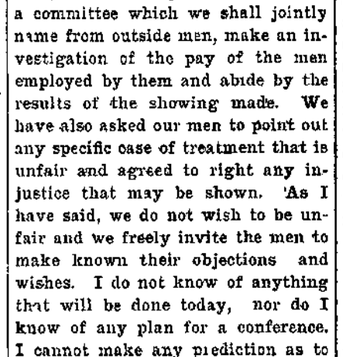
"The brotherhood chiefs evidently do not know that it is a custom of railroads to close their general offices on Saturday afternoon. We were closed in the usual custom on Saturday afternoon, and in addition to that I was called away by other business. I think under these circumstances it was somewhat unusual for them to expect me to meet them at the time named by them. We are prepared to be entirely reasonable about the matter. We want no dispute with our employes and are prepared to pay them the wages paid by other railways in the vicinity. When our men first came forward with a request for an increase in pay we detailed some of our officials to make an investigation of the wage scales of other roads. We conferred with committees of the men and as a result of inquiry some of the wages on the road were increased. Some were not, and the men drawing them further expressed their dissatisfaction. We have told them that we will take any seven railroads they designate, and with a joint committee or a committee which we shall jointly name from outside men, make an investigation of the pay of the men employed by them and abide by the results of the showing made. We have also asked our men to point out any specific case of treatment that is unfair and agreed to right any injustice that may be shown. As I have said, we do not wish to be unfair and we freely invite the men to make known their objections and wishes. I do not know of anything that will be done today, nor do I know of any plan for a conference. I cannot make any prediction as to what will be done on either side."

ROME CITY SUNDAY TRAIN.

Next Sunday the Grand Rapids and Indiana company will put on its early morning Sunday train to Rome City. It will leave this city at 6 o'clock and leave Rome City on the return trip at 7 o'clock in the evening. This is for the accommodation of those who wish to spend a day fishing at the resort. The cottagers' trains will not go into service until June.

HE LOVES DOGS.

The Bluffton News is authority for the statement that Conductor Doctorman, of the Lake Erie and Western road, stopped his train to put off a dog that had got aboard by mistake. A passenger proposed to throw the canine off while the train was running, but the kindhearted conductor wouldn't heed the suggestion. "Last Thursday," the News says, "Doctorman discovered on the rear platform a box, which held captive a pretty pug dog. It is tax time and some fellow was scheming to get out paying a dollar. A passenger proposed that the box be torn up and the captive pug released, but Doctorman said no. He brought the dog on to Bluffton and yesterday he took it back to Hartford City and turned it loose." The dog probably returned to his old home.



MOTHER AND CHILD

Let the mother take Scott's emulsion of cod-liver oil for the two; it is almost never superfluous.

One can eat for two; but nourishing two is a different thing; it implies a degree of interior strength not often found in woman of either extreme.

Luxurious people are not very strong by habit, and overworked people are weak from exhaustion in some of their functions. Between the two is the happy mean; but how many women have plenty of life for two?

The emulsion is almost never superfluous.

We'll send you a little to try if you like

GOOD WEEK'S WORK.

The Wabash shops established a new record the first week in April in the way of turning out repaired engines. During the period named the shop turned over to active service ten engines. Eight of them received general repairs. As soon as vacated the stalls at the shops were taken by other crippled engines and there is still no lack of repair work in the shops.

INSPECTING SIGNALS.

Supt. W. McC. Grafton, of the signal department of the Pennsylvania, is out on the west end of the Fort Wayne road today, making an inspection of the interlocking plants and other things within his province. He left Chicago on a special train at 7:30 o'clock this morning and will probably reach Fort Wayne tonight. Trainmaster J. F. Patterson and Chief Dispatcher J. G. Jennings accompany Mr. Grafton on the trip.

CAPTURED CAR THIEVES.

Thomas Wilkinson, the Nickel Plate detective, has succeeded in breaking up a bad thieving gang in the vicinity of Continental, Ohio, and recovering a lot of stolen articles. Saturday Mr. Wilkinson arrested Jacob and John Snow upon the charge of breaking into and robbing cars and in searching the Snow residence in Continental he found some of the merchandise which the men had taken from cars. Bert Jones, another member of the gang, made his escape while Mr. Wilkinson was after the Snow brothers. The latter are now in the jail at Ottawa, Ohio.

ESTABLISH A BURIAL FUND.

At its meeting yesterday Lodge 136, Brotherhood of Railway Trainmen, established a new benefit. At the death of a member a per capita assessment of $1 for funeral expenses will be assessed. The lodge has assumed a similar expense on several occasions, which was met by voluntary contributions and money from the general fund. The new plan will be more equable and more satisfactory. No 136 is noted for its generosity to afflicted members and their families, and this characteristic has brought the lodge before the public in a manner that cannot help but redound to its advantage.

Supt. S. K. Blair and Trainmaster D. H. Caldwell, of the Nickel Plate, are in Cleveland today on railway business.

Darius M. Preble has assumed temporary charge of the elevator at the electric works, the regular attendant, E. F. Campbell, being off on a three months' vacation.

Michael O'Neal, of the polishing department of the electric works, is sick and off duty.

Boilermaker William Zimmerman, of the Wabash, is off duty for the purpose of entertaining a visitor.

C. Starke, W. P. Lang, J. Polsin, J. Blank, C. W. Schirmeyer and J. W. Payne, Pittsburg shopmen, are sick and off duty.

Boilermaker M. K. Rehling resumed work at the Wabash shops this morning, after an absence on account of sickness.

Machinist Henry Meyers, of the Bass shops, left last night for Monessen, Pa., where he will assist in repairing an engine.

Brakeman C. H. Gallivan, of the Nickel Plte, entertained his parents, Mr. and Mrs. Thomas Gallivan, of Bluffton, yesterday.

Agent Joseph Sullivan, of the Wabash, has returned from Wabash, where he spent a couple days with relatives and friends.

C. H. Auer and E. E. Griffith have been advanced from brakeman to conductors and are now on the extra list of the Pittsburg.

Mrs. Lehneke, wife of Switch Tender Clarence A. Lehneke, of the Pittsburg, is sick and that gentleman is off duty on that account.

James Fry, chief clerk in Master Mechanic B Fitzpatrick's office, accompanied Mrs. Fry upon a shopping expedition to Chicago this morning.

The Nickel Plate carpenters have resumed work upon the new coal docks at Bellevue, which will be a duplicate of the new docks at Leipsic.

Mesdames H. A. and M. H. Durnell, wives of the Pittsburg engineers, went to Chicago this morning to attend the funeral of a relative.

Mrs Pitcairn, wife of the general agent of the Pennsylvania railroad, will pass through the city tonight in a private car on No. 8, en route to her home.

The John Abbott Stock Theatrical company passed through the city today, coming in over the Wabash and leaving on the Grand Rapids for Lagrange.

D. C. McKeeman and J. G. Snyder, car builders at the east shops, are off duty, the former on account of an accident and the latter on account of sickness.

Charles A. Hans, an employe of the Pittsburg blacksmith shop, returned to work this morning, after a week's visit with his son and sister in South Bend, Ind.

S. S. Henline resigned his place in the Pittsburg blacksmith shop last Saturday, to engage in another line of work. He worked in the shop nearly a year.

William Lehmkuler, the blacksmith who had a hand injured at the Bass shops three weeks ago, was able to report for work at that establishment this morning.

Charles M. Meek, operator at the Nickel Plate yard office, has purchased a handsome residence property on West Jefferson street, which he will occupy soon.

T. J. Foley, chief inspector of transportation of the Pennsylvania lines, left over the Wabash this morning for Toledo. He had been visiting his relatives over the Easter holiday.

Agent Frank Hollycross, of the Baltimore and Ohio, has disappeared from his home in Summit, Ohio, under circumstances which indicate foul play. Hollycross was married about a week ago.

Engineer C. D. Rider and Firemen E. W. Peterson and T. B. Hunt, of the Pittsburg, are off duty, the two former on account of sickness and the latter on account of the sickness of his brother.

Vice President and General Manager Joseph Ramsey, of the Wabash, is en route to New York, where he will attend to some business connected with the proposed new Fort Wayne-Butler line.

Some of the railroads that do a considerable traffic in coal for shipment by lake have commenced to deliver the fuel at the various docks on Lake Erie. Navigation will be formally opened on the 15th inst.

Many of the traveling men and construction men in the employ of the Fort Wayne Electric company came in off the road Saturday for the purpose of attending the funeral of the late Charles A. Munson.

John Franke, jr., of Peoria, Ill., was the guest of his parents, Mr. and Mrs. John Franke, sr., over Sunday.

Ath-lo-pho-ros CURES CRIPPLED RHEUMATICS

All Druggists. Send for Pamphlet.

THE ATHLOPHOROS CO., New Haven, Conn.

One of the saddest sights is that of a strong man lying crippled and helpless, prostrated by the withering touch of Rheumatism. Fifty thousand testimonials on file at the home office show that Ath-lo-pho-ros is a positive cure for Rheumatism. Send for free pamphlet.

WASHINGTON, Ia.

Several years ago I was all crippled up by Rheumatism, and on getting a bottle of Ath-lo-pho-ros and taking it, I was completely cured. Ever yours in praise,

OWEN O. HAYES.

The young man, who is a machinist, is now employed in the Pennsylvania shops at Peoria, under Master Mechanic T. N. Kucher.

William Carroll resigned his position in the metre department at the electric works this morning. He will enter the pattern making establishment of Mr. Stein, on Spy Run avenue, as an apprentice.

Machinist W. S. Wells, of the Pittsburg shops, accompanied his wife to Chicago this morning. The lady is suffering from an affection of the ears and will consult a noted aurist while in Chicago. They will remain there two or three days.

William B. McDonald, of the Chicago Edison company, is in the city to attend the funeral of the late C. A. Munson. Mr. McDonald was formerly connected with the electric works in this city, when it was under the management of R. T. McDonald.

Harry I. Young, who had both legs cut off in this city last December, has ordered a pair of artificial limbs. The young man is now in Huntington. He was employed by the Withington Handle company, of Erie street, when he met with the accident.

Master Mechanic George T. Ladd, of the Bass works, fell down a back stairway at his home on West Berry street last night, injuring a shoulder and the fingers of his left hand. He considers escape from more serious injury miraculous and is congratulating himself.

E. Mercer, who was called to St Louis last week to see his mother who was quite sick, resumed his place in the Pittsburg blacksmith shop this morning. James Roche and Ed Mennewisch also reported for duty in that shop this morning. They had been sick.

L. Schmidt, the old janitor at the Pittsburg planing mills, who was run down by a horse and buggy, sustaining some broken ribs and other injuries, has recovered from the injuries and this morning reported at the shops for duty. The accident occurred last October.

On account of heavy train, No. 7, on the Rapids road, was nearly a half hour late in reaching the city this morning. In addition to the regular number of cars, the train had an extra sleeper and a baggage car, occupied by the "Becky Sharp" theatrical people and their luggage.

Engineer Ben Thompson, of the Pittsburg, who was so severely injured in the collision of an engine and some cars at Plymouth two or three months ago, is able to walk about the house and will soon be able to resume his place in the cab. The reader will remember that Mr. Thompson was thrown through his cab window in the collision.

Foreman George Ebner and his gang, who compose the Pittsburg wreck crew, last night completed the work of cleaning the wreckage two miles west of Warsaw, late last Thursday night. One of the six cars wrecked was a complete loss and it was burned, that being the cheapest and quickest way to get rid of it. The others were brought to the shops for repairs.

The Clover Leaf is perhaps the only railway in this state that refuses transportation to its attorneys. Ever since the road was built Hon. Levi Mock, of Bluffton, looked after its legal affairs in this part of the country. He has received notice that no more passes will be given him. The "company will pay cash for business done and expects cash for railroad rides."

The employes at the Mayflower mills are smoking fine Havanas today at the expense of W. J. Schadewald, of the mills, who came to work this morning armed with a large smile and the Havanas. It leaked out finally that a baby boy had arrived at Mr. Schadewald's home yesterday morning and then the glad hand was passed around. Mother and son are doing well.

I SUFFERED from catarrh; it got so bad I could not work; I used Ely's Cream Balm and am entirely well.—A. C. Clarke, 341 Shawmut Ave., Boston, Mass.

The Balm does not irritate or cause sneezing. Sold by druggists at 50 cts., or mailed by Ely Brothers, 56 Warren St., New York.

PASSENGER TRAIN WRECKED.

Ogden, Utah, April 8.—News was received here today that the Central Pacific westbound overland limited, due to arrive in San Francisco at 6:55 this evening, was wrecked two miles east of Wells, Nev. Of the meagre details of the disaster which reached here it is learned that two firemen were killed, that some of the cars of the train were badly smashed and that the Pullmans caught fire. It is not thought that there were any fatalities among the passengers, as none have been reported to division headquarters. The train was drawn by two locomotives, both of which suffered severely. The cause of the accident is unknown.

LOCAL LINES.

Miss Emma Lindlage visited friends at Huntington over Sunday.

Born, to Mr. and Mrs. Otto Hoffman, residing on the Huntington road, a daughter.

Mrs. Clyde Bookwalter, who was recently operated on at St. Joseph hospital, is improving rapidly.

Mrs. Henry Kruse, of 161 Montgomery street, fell down the front steps at her home Saturday night and fractured her right ankle.

The Walther league will give an Easter concert and entertainment at the school hall of St. Paul's Lutheran church, on Barr street, this evening.

Rev. J. H. Evans, pastor of Bethel Evangelical church, will attend the annual conference of the association at Berne the latter part of this week.

The women's bible meeting of the Wayne street M. E. church will be held Tuesday afternoon from 3 to 4 in the Sunday school room. Every lady is welcome.

The wedding of Miss Louise Randall, of this city, and Frank Sawyer, of New York city, whose engagement was announced some time ago, will take place in this city in October.

Auburn Courier: "Chas. Berger, of Fort Wayne, was in the city today making the preliminary arrangements for his work on the Lutheran church. He and his men will arrive Tuesday to begin their work."

Frank Bishop, of St. Joe, is transacting business in Fort Wayne today. Mr. Bishop was formerly bookkeeper for the Indiana Furniture company, of this city, and is now engaged in the grocery business in St. Joe.

William, the eleven-year-old son of John Scheib, of 165 Harmer street, fell from the roof of a new house near his home Sunday night to the cellar. The distance the boy fell was about twenty feet and he was rendered unconscious for some time. No bones were broken.

Prof. Theodore Grahl, of Detroit, who has been the guest of friends in the city during the past week, will return home tomorrow. Prof. Grahl was formerly an instructor in Emmanuel school, this city, and recently accepted the position as head of a Luthran school in Detroit.

Rev. F. M. Riale, Ph. D., of Cleveland, who comes as a candidate for the pulpit of Westminster church, delighted two large congregations there Sunday. His sermons were especially strong and Rev. Riale made an excellent impression as a forcible, logical pulpit orator, a scholar and thinker. He will occupy the pulpit again on Sunday next.

Genial Bob Smith, formerly of Fort Wayne, but now of Peru, was a visitor in the city today, shaking hands with a legion of friends. Bob is now traveling in the interest of the Wright Medicine company, of that town, and is on his way on a trip in the interest of his house through Ohio, Pennsylvania and New York. The medicine company is a new industry in Peru and manufactures a new remedy which has proven very successful and has the endorsement of Louis Gemlivre, of this city, who was for years a sufferer from rheumatism. Bob's Fort Wayne friends are, of course, pleased to learn of his good fortune in securing so good a position and feel like congratulating the company on securing so good a man.

MEET TUESDAY NIGHT.

The master paperhangers and painters will hold a meeting on Tuesday evening in their hall and the strike situation will be considered. There is no change in the situation at present and matters remain practically the same as they were a week ago, when the strike was first ordered.

PROF. PLUMADORE'S RECITAL.

Prof. Marshall W. Plumadore, assisted by Harry Ross, both of this city, together with a number of Prof. Plumadore's pupils in Wabash, gave a recital in that town last Thursday evening, of which the Wabash papers speak very highly. Prof. Plumadore has a large class in Wabash, where he gives an annual recital, which is always attended by a large audience. Mr. Ross is a most talented young musician and has been under the instruction of Prof. Plumadore for several years. The program Thursday night was one of great merit.

ONE GOT AWAY.

Prentice Tiller and H. G. Grant, the two mail box robbers who worked here, in Cincinnati, and, in fact, all over the country and who were arrested at Hastings, Neb., a week ago, made a desperate effort to escape at the Union station at Chicago yesterday morning. Grant was successful and at last accounts was still at large, but Tiller was recaptured. They were in charge of two United States deputy marshals and had attempted to get away by jumping through a car window earlier in the morning. By some means they secured a key to their handcuffs and releasing themselves, Grant handed the officers a few in the solar and both started off in different directions. The officers could not use their guns on account of the crowd and Grant soon lost himself on Canal street, but Tiller was less fortunate and was recaptured.

My commission expires Feb. 6, 1906.

CARD OF THANKS.

I desire in this way to tender thanks to my neighbors and friends, also to the employes of the Indiana Machine Works and Road Machine company for their acts of kindness shown me in the death of my wife, Elmira Crayton.

ARTHUR M. CRAYTON.

The Rev. J. M. Cleary lecture will be given at Library hall instead of West Jefferson Street Church of Christ tomorrow evening.

Miss Beth Mains entertained a number of ladies and gentlemen employed at the school for feeble-minded last evening. Refreshments were served at 10 o'clock.

MUSICAL CRITICISM.

"Splendid ear, but a very poor voice."

In a few weeks the government will take the contract off the hands of the contractors for the new mint in Philadelphia, and then the United States will have the finest, costliest and most complete money making establishment of its kind in the world. The granite structure was commenced two years ago and will cost about two million dollars, including the mechanical equipment, costing $200,000. There will be twenty-four coining presses in the new mint.

Irelands' stock of horses decreased last year from 610,415 to 597,641, a fall of 12,774.

WILL SOON MOVE

AGUINALDO TO BE GIVEN A NEW HOME.

PREPARE PALACE FOR HIM

INSURGENT CHIEFTAIN BUYS CLOTHES AND DIAMONDS.

NO INTERVIEWS PERMITTED

LITTLE INFORMATION GIVEN OUT ABOUT HIM.

Manila, April 8.—General MacArthur says it is impossible to make a statement concerning Aguinaldo now.

It is possible that Aguinaldo will soon be removed from the Malacanan palace to a large house, with pleasant grounds, No. 56 General Solano street, a fashionable quarter of the city, beside the Pasig river, which is being renovated and prepared for occupancy.

Aguinaldo is purchasing diamonds and other jewelry. He continues to receive certain visitors, but newspaper correspondents are excluded.

It is said that the manifesto which Aguinaldo has been preparing has not yet been signed and it is added that Aguinaldo is reluctant to comply with the conditions.

It appears that the majority of the Filipinos in Manila distrust Aguinaldo and dislike to see him accorded special favors. They say he ought to be severely punished.

General Sandco, a former member of Aguinaldo's cabinet, has surrendered to the American authorities at Cabanatuan, in the province of New Eccija. He has a bad record and may be tried.

The trial of M. Brix Hoelterman, the Belgian who was connected with the Philippine Trading company and whose arrest on the charge of furnishing supplies to the insurgents was announced February 19, has been completed. The evidence of the Filipino Colonel Herrera, who recently surrendered, clinched the prosecution. The colonel testified that Hoelterman had furnished money and rice supplies to the insurgents.

NATIVES FOR THE NAVY.

New York, April 8.—A special to the Herald from Washington says:

Instructions have been cabled by Secretary of the Navy Long to Rear Admiral Remey, commander-in-chief of the Asiatic station, authorizing him to enlist five hundred natives of the Philippines for service on board the former Spanish gunboats and other small vessels which are to be maintained exclusively in the Philippines.

The men will form the nucleus of an important service composed solely of enlisted men. Rear Admiral Crowinshield, chief of the bureau of navigation, believes that besides resulting in the government obtaining efficient service, the employment of natives will spread respect for the American flag and create a strong feeling of loyalty.

Reports received from Rear Admiral Remey have shown that Americans, especially those serving in the fire rooms, become quickly debilitated, and it is necessary to send them to the United States or to Japan to recuperate.

It is not believed that the health of Filipinos will suffer, because they are acclimated, and if they do become ill it will be an easy matter for them to recover in the Philippines. No difficulty will be experienced in obtaining trained men. During the fall of 1899 Lieut. Com. J. V. Coltman, now in charge of the enlisted men's branch of the bureau of navigation, opened the "escuela nautical," or nautical school, to train Filipino youths to carry on their inter-island commerce. Good results have been obtained from this school.

Ther is no law specifically authorizing the enlistment of Filipinos, but it is pointed out that whether the supreme court adjudges the natives foreigners or citizens, it will make no difference in this case, as almost one-fifth of the enlisted men of the navy are of foreign nationality.

OBSERVED EASTER.

Easter Sunday was observed in all the churches of the city yesterday with special sermons and programs of music. The day was somewhat threatening, but in spite of this fact the crowds that attended divine services were very large. The threatening skies did not daunt the investors in hats and suits, however, and a most lavish display of Easter dress and headgear was to be seen at every hand. Every church was beautifully decorated with Easter lilies and other plants and flowers and the services commemorating the anniversary of the day upon which Christ rose from the dead were very beautiful.

TURNERS' ENTERTAINMENT.

A large gathering of Germans was held Sunday evening in the hall of the Turn Verein Vorwaerts and a very interesting program was provided by the Turners. Barner's orchestra furnished instrumental numbers and there was singing by the Concordia Singing society and by individuals. Interspersed in the program were physical exercises by the members of the society, a notable feature of the latter being a club swinging exercise by the ladies.

PASTORS GO TO CONFERENCE

METHODIST MINISTERS ARE AT ELWOOD.

Few Changes Probable in Fort Wayne pulpits—Dr. Parr May be Made Presiding Elder.

Methodist Episcopal ministers of the city left today for Elwood to attend the annual sessions of the north Indiana conference, which opens in that city tomorrow. The old conference year ended with the services yesterday and the next appearances of the pastors in their pulpits will be under the new appointments made by the bishop at the close of the conference session early next week.

There is as usual much speculation as to the appointments for the five Fort Wayne churches for the coming year, though nobody is in a position to forecast accurately the determination of the church authorities. As was the case a year ago, there is a revival of the rumor that Rev. Dr. Parr, of Wayne street church, is to be made presiding elder, with the Kokomo district as the probable field, but there are a number of other ministers also mentioned for that place. It is also known that Dr. Parr has been offered other ministerial work that would take him outside the bounds of the north Indiana conference. On the other hand, there is a well defined impression on the part of a large portion of the membership that Dr. Parr will be returned to Wayne street for the coming year.

As to the other Methodist churches of the city, it is practically certain that Rev. H. J. Norris will be reappointed to Berry street, and that Rev. C. E. White will be continued at Trinity. The membership of Simpson church is desirous of Rev. T. J. Johnson's return and is expecting it, though there was a rumor to the effect that something of a promotion was in store for Rev. Johnson, who has completed four very successful years at Simpson. An advancement is also more than probable in the case of Rev. B. Sawyer, who was appointed to St. Paul's church, on Walton avenue, a year ago.

THE PICTURE AT HOME.

Liverpool, April 8.—C. Moreland Agnew upon his arrived here on the steamer Etruria this morning, admitted that he had the Gainsborough portrait of the duchess of Devonshire. Mr. Agnew himself carried the picture ashore, but beyond admitting that it was the famous missing Gainsborough he declined to furnish any details regarding its recovery and proceeded to London.

London, April 8.—On his arrival at Liverpool C. Moreland Agnew wired to his son here asking the latter to meet him at Euston railroad station with two clerks from the office and a detective. On his arrival in London Mr. Agnew handed over the picture to the clerks and detective, who deposited it in a safe in the office.

CONFERENCE AT SOUTH BEND.

The teachers of the various Lutheran schools of the city will go to South Bend tomorrow to attend the annual conference of Lutheran teachers in northern Indiana. The sessions will continue until Friday and they will be devoted to a discussion of methods of instruction and hearing papers on various subjects. The conference will be entertained by the members of the Lutheran church in South Bend, of which Rev. T. Thieme is pastor. Rev. Thieme is a former resident of Fort Wayne and was educated at Concordia college, this city.

Allen lodge No. 29, Degree of Honor, will meet at 2 o'clock tomorrow afternoon at Elektron hall.

A FRESH OUTBREAK

REBELLION IS STARTED IN TWO PROVINCES.

MORE TROUBLE IN CHINA

MONGOLIA AND SHEN-SI ARE IN UPRISING.

JAPAN IS FIRM TO RUSSIA

MIKADO MAINTAINS A GREAT SECRECY OF POLICY.

Pekin, April 8.—The rumors which have been current during the past few days of the outbreak of a rebellion, headed by General Tung-Fuh-Sian, the former commander of the northern army, in the provinces of Mongolia and Shen-Si, have been absolutely authenticated.

Li Hung Chang and Prince Ching have received information on the subject, which, though indefinite, still proves that the court is seriously alarmed.

General Tung-Fu-Sian was, according to last accounts, about 150 miles from the court with 11,000 regular troops, all supposed to be devoted to himself. The court has about the same number of soldiers at Sian-Fu, but it is probable that the troops of Tung-Fu-Sian are better drilled and better armed.

It is believed that the Mongolian rebellion was brought about through agents of Prince Tuan and General Tung-Fu-Sian.

Li Hung Chang thinks there are about 5,000 regular troops in Mongolia and inclines to the belief that they have not joined in the rebellion. He does not think the court is in any danger and thinks the object of Prince Tuan (who was last reported at Jing-Hsu, with 10,000 men, prepared to resist arrest) and General Tung-Fu-Sian is to create a diversion of interest in order to force unconditional protection of themselves.

Unofficial Chinamen of intelligence regard the uprising as most unfortunate at the present time to the interests of China, and as possibly meaning the use of foreign troops to protect even the court itself.

The ministers of the powers do not think that, provided foreign interests do not suffer, any present interference is likely.

If the dynasty should be overthrown it would, to a certain extent, delay the peace negotiations, but they consider that a regime not bound by traditions like those of the present court would probably be much easier to deal with eventually, as the ceremonial could be much curtailed.

Prince Ching, who, as a relative, may be considered to take the court view of the question, believes the rebellion is a storm in a teacup. He says the present court is loved and esteemed by nine-tenths of the population of China and that the same proportion of able-bodied men in China would rise to protect the existing dynasty.

The empress dowager, as the advisor of the emperor, holds a place in the affections of the people not dreamed of and not understood by foreigners. Her slightest wish is the emperor's law, though he is by no means the figurehead the foreign powers frequently suppose.

The emperor recognizes her ability, invaluable aid and advice.

The remaining bodies of Americans were shipped homeward this morning. They number fifty-four and will leave on board the transport Egbert tomorrow. The Egbert will also take twenty-seven military prisoners, a number of sick men, the discharged soldiers, the teamsters and other civilian employes.

JAPAN IS FIRM.

Yokohoma, April 8.—The Japanese government is maintaining great secrecy regarding its policy, but it is said on good authority that the cabinet at a meeting held Friday resolved to communicate with Russia in firm tones respecting Manchuria.

There is extraordinary activity in naval and military circles.

The news of Russia's decision not to press the Manchurian agreement was received here with a feeling of relief. In anticipation of complications that might ensue had Russia reached another conclusion, the government had resolved to postpone a number of important state undertakings, involving large expenditures.

MR. WU SEEKS INFORMATION.

Washington, April 8.—The Chinese minister was an early caller at the state department today to seek information as to the report in the advices to the state department that there had been an interruption of the diplomatic intercourse between Russia and China. Mr. Wu had not been advised of any such development and the information before the state department was so contradictory that it did not permit any clear explanation of the real state of affairs.

REV. BAILEY AN AUTHOR.

Rev. J. Webster Bailey, pastor of Plymouth Congregational church, is the author of a story called "At the Gate Beautiful," which was read by him in public for the first time Sunday morning in place of the regular sermon. The scene of the story is in Jerusalem and the time that immediately preceding the crucifixion of Christ. The story is a very beautiful one and it was listened to with great interest by a very large audience. The Ladies' society of the church has secured Mr. Bailey's permission to publish the work for the benefit of the church and already three hundred have been sold.

PLAN FIRE-PROOF BUILDING

HOME TELEPHONE COMPANY TO MEET TONIGHT.

Will Decide the Question of an Office Structure—Several Sites in View.

At a meeting of stockholders to be held at the rooms of the Commercial club this evening the Home Telephone company will probably make a definite decision regarding the proposition to erect a building for its own use. It has been under consideration for some time and it is expected that tonight the stockholders will either decide to retain the present quarters in the Bank block or else begin at once the work of building.

The chances very largely favor the purchase of a suitable site in a central location and building a permanent home for the company. Plans have been prepared for a three-story fireproof building, 35x90 feet in size, the second and third floors to be devoted to the business of the Home company and the first floor to be rented as offices. It is known that three sites are under consideration and it is believed options have been secured upon all of them, though the officials of the company decline to state in advance of the meeting what sites are looked upon with favor. The stockholders appear to very strongly favor building a permanent home and there is likely to be little difficulty in reaching a conclusion this evening.

KAISER WILL GO TO MANILA

FORT WAYNE YOUNG MAN GETS FINE APPOINTMENT.

Former Druggist Will be Instructor in Pharmacy at the General Hospital in Manila.

William C. Kaiser, of this city, has been appointed instructor in pharmacy at the United States general hospital in Manila and will leave Washington June 1 to assume the duties of his new position.

Mr. Kaiser formerly conducted a pharmacy on South Calhoun street and is well known in Fort Wayne. His home is at 34 Woodland avenue. Some weeks ago he enlisted in the United States hospital corps and at Washington successfully passed the examination for acting hospital steward. His rapid advancement will be very gratifying to his friends in this city.

Mr. Kaiser was also one of twenty men from the hospital corps who had been detailed to give an exhibition of the hospital corps drill at the Pan-American exposition this summer, where the litter drill and ward management will be exemplified for the edification of visitors. Mr. Kaiser's appointment to the position in the Philippines will, however, prevent his participation in the drills at Buffalo.

The regular meeting of the Allen County Medical society will be held in the city hall Tuesday evening, instead of in the assembly room of the court house, on account of previous rental of the latter for the night. Papers will be read by Dr. G. B. M. Bower and Dr. B. V. Sweringen.

Miss Inez Null, of East Creighton avenue, has been visiting friends at Columbia City.

TO KILL LOUBET

LIFE OF FRENCH PRESIDENT PLOTTED AGAINST.

COMING TRIP TO BE OCCASION

GREAT PRECAUTIONS TAKEN EVERYWHERE.

LOUBET LAUGHS AT FEARS

MORE ARRESTS OF STUDENTS IN RUSSIA.

London, April 8.—A dispatch to the Evening News from Paris says that the French detectives were privately informed of a projected attempt to assassinate President Loubet during his coming trip. Extraordinary precautions have been taken everywhere and the usual police protection has been doubled.

Outsiders have been excluded from the railroad stations. Ten thousand soldiers have been detailed to maintain order during the French president's stay at Nice, where stringent orders have been issued to rigorously suppress the slightest hostile demonstration.

President Loubet is inclined to laugh at the detectives' fears that an attempt will be made upon his life.

M. LOUBET AT NICE.

Nice, April 8.—President Loubet's arrival here today was signalized by a salute of 100 guns and by the hearty plaudits of great crowds of enthusiastic sight-seers. He drove to the prefecture in an open landau, drawn by six horses and escorted by gendarmes and cuirassiers.

The streets were lined with troops and dotted with triumphal arches. The buildings were festooned with flowers, decorated with flags and crowded with people, who greeted the president with alternate shouts of "Vive Loubet" and "Vive La Republique."

The official receptions at the prefecture were numerously attended.

DISORDERS IN RUSSIA.

London, April 8.—A dispatch from St. Petersburg to the Reuter Telegram company says the police at Kharkoff have arrested twenty-one students for rioting at the railroad station on the occasion of the departure of other students who were expelled for being connected with previous disturbances at Kharkoff.

A number of students were also arrested in St. Petersburg on leaving a theater, where they had manifested particular approval of certain passages of a play which seemed to refer to existing political conditions in Russia.

WILL BE NO STRIKE.

A member of local union No. 138, International Brotherhood of Electrical Workers, states to The Sentinel that there is absolutely no prospect of a strike of the "inside workers" of this city. He says there is no true foundation for the statement printed in The Sentinel Saturday that if the contractors refuse to sign a new scale soon to be presented there will be a strike. He says it is true that a new scale is soon to be presented, but that no trouble at all is anticipated, as it is expected that the scale will be signed by all of the leading construction firms of the city, several of which are already working on the same terms as are made the basis of the new agreement. That no strike is imminent will be good news to many interests in particular as well as the public in general.

GENERAL CLAY STILL ALERT.

Lexington, Ky., April 8.—General Cassius M. Clay continued fortified at the White Hall against all comers. Jim Bowlin, the tenant who lives in the little cottage near the residence, is the only man who saw him yesterday. Bowlin went to take General Clay the meals which Mrs. Bowlin had cooked. General Clay continues on the alert and every time that Bowlin knocks the general appears but always with a pistol in his hand. General Clay is spending the time writing the second part of his autobiography, which will contain the secrets of his private life. There are many incidents of great interest to the public, among them a probable explanation of the reasons for marrying his child wife, Dora Richardson. Brutus Clay, General Cassius Clay's son, says that his father is not insane and that his children have no intention of attempting to put him in an asylum. He says he thinks his father will give up the furniture belonging to Mary B. Clay and the sheriff will not be sent to White Hall again.

ROWDIES ATTACK PREACHER.

Elwood, Ind., April 8.—During a convention of the members of the Holiness church, which is being held in this city, Rev. Mr. Hass, in the midst of his discourse, was attacked by a gang of drunken rowdies, ranging in age from seventeen to twenty years. Mr. Hass was knocked down and trampled upon in his pulpit. A general scrimmage took place, the women and children fainting and screaming. A riot call was sent in and the police arrested three members of the gang.

BIG FRESHETS IN THE EAST

RIVERS CONTINUE TO RISE AND DANGER THREATENS.

Thousands of Hands Are Idle in Some Cities Where Mills Are Compelled to Suspend.

Boston, Mass., April 8.—The freshet conditions in the various rivers of New England resulting from the copious rains of the past week or more did not improve today. The rivers continued to rise and indications at nearly all points were that the record of the great floods of 1896 would be reached, if not surpassed. The absence of ice, which went out last week, from many of the rivers, thus far has prevented serious damage to property, but today thousands of mill operatives were compelled to stop work, as factories could not be operated on account of the high water. The chief property damage reached up to today was to railroads and highways from washouts. Lowlands in all sections were inundated. At one or two points bridges had been washed away and in some places the structures had been weakened. This caused considerable interruption to traffic upon various short railway lines in Maine, New Hampshire and Massachusetts, but trains on the main lines were running with nearly the usual regularity.

Among the mills which were compelled to shut down today were many at Lawrence, Mass., where 20,000 hands were idle; at Lowell, where the majority of the big corporations suspended; at Lewiston, Me., Manchester and Nashua, N. H. At Lowell the street railway power house was in the midst of a lake; at Nassua the light, heat and power company was on the verge of suspension.

Up to today the average rainfall in New England had been 2.68 inches since the first of April.

Light rains were falling over the whole of northern New England today, but the weather forecasters said that the indications were that the weather would clear late this afternoon or tonight.

DISSOLVES GAS INJUNCTION.

Chicago, April 8.—Judge Windes, of the appelate court, today dissolved the injunction recently granted by Judge Dunne, of the circuit court, restraining the People's Gas Light and Coke company from charging more than 72 cents per thousand cubic feet for hearing or fuel gas. Judge Windes held that the circuit court is without power or jurisdiction to determine the rate which the gas company should charge its customers for gas. The injunction, which was granted about two months ago, caused a great deal of comment, as it was held that it established a precedent under which the rates charged by all street railways, gas and electric companies and big corporations could be fixed by the municipal governments.

YOUNG MAN ASSASSINATED.

Wichita, Kas., April 8.—Edward Sine, an employe of a hardware company, was shot and fatally wounded during the night while preparing to retire. The shot was fired from a window of a building opposite. T. J. Robinson has been arrested on suspicion and he is said to have been jealous of Sine, to whom Robinson's divorced wife rented a room.

SERVICE ON A NEW LINE.

Colorado Springs, Col., April 8.—Regular train service over the new Cripple Creek short line, the Colorado Springs and Cripple Creek District railway, was inaugurated today. Four passenger trains daily each way will be run between this city and Cripple Creek.

F. H. Fryer, a Peneto druggist, is in the city.

THE FIGHT IS ON

POLICE COMMISSIONERS ARE READY FOR OFFICE.

BONDS WILL BE DECLINED

COMMISSIONS COME AND THE BONDS ARE SIGNED.

STATUS OF FIGHT UNKNOWN

COMMISSIONERS TO HAVE A CONSULTATION.

The fight is on.

Yesterday morning Messrs. William Geake, C. S. Bash and A. B. Trentman received their commissions from Governor Durbin, naming them as the metropolitan police commissioners of the city of Fort Wayne, as provided for by the recent charter amendments. The gentlemen held no consultation until this morning, when they met in the offie of Mr. Trentman and discussed the situation as it appeared to them. They decided that they would make no attempt to cross any bridges before they got to them and agreed to proceed in a matter-of-fact way to take possession of the offices assigned them until they met with opposition. Mr. Bash said to The Sentinel that they have outlined no particular policy. After a short consultation in Mr. Trentman's office they went together to the city hall and asked Mr. Berghoff whether there was any particular form of bond required by the city and the comptroller answered that the city had a regular form and gave each of them a copy. The commissioners did not exhibit their commission and gave no formal notice of the object of their visit.

They took the copies of the bond form and departed, arranging to come back this afternoon and present the bonds properly filled, provided Mr. Geake could return in time from the funeral of the late C. A. Munson, where he officiated for the Masonic fraternity.

After the visit Mr. Bash said to The Sentinel that they would present their bonds some time this afternoon and stated that he learned from attorneys that the bonds would be refused. At the time the documents were not yet prepared, but he said that his would be signed by Henry C. Paul and Charles McCulloch; Mr. Geake's by G. W. Pixley and Charles W. Wilding, and Mr. Trentman's by Henry C. Paul and John Mohr. He stated further that inasmuch as the charter provided that the city attorney shall also be the attorney for the board, he thought nothing further than a formal presentation of the bond would be done today.

It is clear that the city attorney is the attorney for both sides, yet he thought it best not to do anything, no matter how trivial, in opposition to the strict letter of the law. He declined to say what the next step would be, saying that he could not anticipate anything and had no present right to conjecture officially that the bond would be refused.

Mr. Berghoff said that the commissioners had yet made no official demand for recognition and he did not know what action would be taken by the city administration. He had given the gentlemen blank bond forms and would know better what to do when they presented them and knew more about their manner of procedure. "I think the creation of the offices is illegal and shall refuse to accept the bonds on that ground," said the comptroller. "We are in and they are out and the fight for possession of necessity devolves upon them. The administration will carry the matter up to the court of last resort and when the court declares that we are wrong we will submit as gracefully as possible, but we will contest the matter in the honest conviction that we are in the right and that the charter amendments are wrong and unconstitutional.

"We have no desire to resist a constitutional law, but want to be shown first that the law is constitutional. Our policy will depend entirely upon the next move of the gentlemen named as commissioners and I cannot even offer a vague conjecture as to what that move will be. One thing is sure, and that is that the proceedings will be conducted with dignity on our part and without any particle of personal feeling, but we propose to protect the rights of the citizens of Fort Wayne as we understand them."

There will be a meeting of the auxiliary to the Order of Eastern Star Tuesday afternoon.

LAST RITES FOR C. A. MUNSON

FUNERAL SERVICES HELD THIS AFTERNOON.

Miss Elizabeth Gaffney No More—Death of Robert Deming—Other Mortuary Matters.

Funeral services for Charles A. Munson were held this afternoon from the residence of Mr. and Mrs. Diederich Meyer, at 22 West Wayne street, under the auspices of Fort Wayne Commandery No. 4, Knights Templar, and a large concourse of warm personal friends of Mr. Munson were present to unite in a last tribute of respect.

The remains lay in state from 10 o'clock to 12, and during that time many who knew and esteemed Mr. Munson during the years of his activity in public and business life filed past the flower-burdened casket and took a farewell look at his well-known features. Very rarely have the floral expressions been more profuse or elaborate than were those today. Among the more notable offerings were those from the several Masonic bodies, from Mr. Munson's friends at the Lexington hotel at Chicago, and from the Electric works in this city. In addition to these many personal friends both from this city and from abroad sent offerings of striking beauty.

Rev. Samuel Wagenhals, of Trinity Lutheran church, was the officiating clergyman, and the funeral services of the Knights Templar, as well as the ring service of the Scottish Rite, was used. The latter service, at which in accordance with Mr. Munson's request his Masonic insignia was bestowed upon his little nephew, Brown Cooper, was especially touching.

The interment at Lindenwood was private.

GAFFNEY.

Miss Elizabeth C. Gaffney, the estimable and accomplished daughter of Mrs. Edward Gaffney, of 39 West Butler street, died Sunday morning, after a brief illness from acute pneumonia. Miss Gaffney was nineteen years of age, a graduate of St. Augustine's academy and a young lady whose admirable character endeared her to all her acquaintances. The surviving relatives include the mother, two sisters and two brothers the Misses Maggie and Mamie Gaffney, E. F. Gaffney, of South Bend, and George Gaffney, of Pittsburg.

Funeral services will be held Wednesday morning at 8:30 from the residence and at 9 o'clock from St. Patrick's Catholic church.

DEMING.

Robert Deming, seventy-nine years of age, died at 6:30 o'clock Saturday evening at the residence of his sister, Mrs. Hetser A. Wood, 59 West Superior street. Mr. Deming was born in Connecticut, but for many years resided at Fenton, Mich., where he was engaged in farming. Recently he sold his property in Michigan and three weeks ago came with his son and wife, Mr. and Mrs. E. E. Deming, to Fort Wayne for a visit with Mrs. Wood before going to their new home in Oregon. A week after his arrival Mr. Deming became ill with hemorrhage of the bowels, which was the cause of his death. In addition to the relatives named he leaves a son, J. J. Deming, of Sacramento, Cal. Fred M. Smith, the hardware merchant, is a nephew of the deceased.

The remains were shipped this morning to Fenton, Mich., for interment.

HUNT.

William P. Hunt died at 10 o'clock Saturday night from stomach trouble at the home of his parents, Mr. and Mrs. Patrick Hunt, 6 Smith street, at the age of twenty-three years. The young man was unmarried.

He was a member of St. Patrick's Catholic church and of the Young Men's sodality. The surviving relatives include the parents and six brothers—John E., Thomas E., Charles J., Robert E., George F. and Patrick C. Hunt.

Funeral services will be held Wednesday morning at 9:30 from the residence and at 10 o'clock from St. Patrick's Catholic church.

PAYTON.

Thomas A. Payton, infant son of Mr. and Mrs. J. W. Payton, of 74 Barthold street, died this morning from spasms at the age of 5 months.

Funeral services will be held from the residence Tuesday afternoon at 1 o'clock. Interment at the Parker cemetery.

COLE.

Cornelia Cordelit Cole, an inmate of the Indiana school for feeble-minded youth, died Sunday from tuberculosis, aged 18 years, 10 months and 23 days.

MARGRAFF.

Joseph Margraff, an inmate of the school for feeble-minded, died Saturday from tuberculosis at the age of 19 years, 8 months and 5 days.

FREITAG.

August Freitag, a pioneer citizen, died at 9 o'clock this morning at his home, 142 South Wayne avenue, at the age of seventy years. Mr. Freitag's death was due to pneumonia, following an illness of but three days. He had been a resident of Fort Wayne many years.

Surviving are the widow and five children—August and William H. Freitag, Mrs. W. C. Inger, Mrs. William Wolf, and Mrs. C. Weiss. There are also nine grandchildren. The funeral announcement will be made later.

KOCH.

Albert Koch, son of Mr. and Mrs. Gustave Frederick Koch, of 57 West Lewis street, died at 11 o'clock this morning from peritonitis, at the age of seven years, ten months and twenty-one days.

The funeral announcement will be made later.

MAYOR FINED HIM THE LIMIT

OFFENSIVE TRAVELING MAN IS HEAVILY FINED.

Made Himself a Nuisance in a Hotel and Insulted a Woman on the Street—Police Notes.

The mayor was in a pretty good humor this morning until he went up against a fresh traveling man who undertook to run things during his trial and proceeded to ignore the mayor, the prosecutor and everybody else in corssquestioning the arresting officer. The man's name is Dennis McKelvy, and he was arrested at the Avelline house by Deputy Sheriff Ryan, who stated him with drunkenness. McKelvy was a guest at the house and had made himself obnoxious in the dining room and insulted a number of other guests who happened to be wearing Masonic charms. An effort was made to quiet him and he finally went to his room. Later he came down stairs again and going out on the street he accosted and grossly insulted a married lady near the post office, and even took hold of her arm. He was rebuffed and going back to the hotel again made himself so offensive that a request was made to have him locked up. He might have fared fairly well had he not got fresh; the mayor gave him the limit, $25 and costs, and he went over with the balance. As he was leaving the court room Mike Koehler, another prisoner, remarked, "Come on, pard, you're a citizen now."

Mike Koehler got on one of his orating drunks yesterday. He was filled to the neck with booze and from the neck up with oratory. He fought all the campaigns over from Abe Lincoln and Horace Greeley to William Jennings Bryan and brought it down a notch or two further and had a good word for Berghoff. The mayor said he guessed he'd have to charge the usual Sunday price, $10 and costs, whereupon Mike remarked that it was a mighty good thing that there was a new election coming on, because he'd see to it that Hinzmer would not be re-elected.

John Moke, who took time by the forelock and got drunk Saturday night, said he had never been in trouble before and did not intend to get drunk at all, but guessed he must have made a miscalculation on the reach of bock beer. He was a pretty decent looking fellow and was fined $1 and costs and sentence suspended.

Emanuel Gensing, an inmate of the poor farm, confessed to being overloaded and his principal trouble was in understanding how he came to be arrested away down town when the last thing he could remember was of falling down away up on Lewis street. He spoke a few words of high Irish or low Dutch to the mayor and the thing was fixed. He was asked whether he could walk to the poor house and on answering in the affirmative was given an hour to get started.

Lovett Owen and his dog were in court. Lovett had been drunk and the dog looked as though he might be hungry. The prisoner looked a little the worse for wear, but said that he had been drunk. He claimed to have just come from the Philippines, where he served in the volunteer army. He had spent his money and lost his discharge and was on his way to Detroit, where his folks live. The dog he said he had got in San Francisco. He also claimed to be sick. The mayor said he would send him over under a twenty-one day sentence, but that after he got straightened up and well he would order his release and allow him to go. He said he had some doubts about the dog and army story, but would give him the benefit of the doubt.

A man named Mennewisch, living at 228 Francis street, reported that he had been bitten by a vicious dog in front of 146 Holman street. No one in that vicinity admits ownership of a vicious dog, but the officers are still investigating.

KILL AND EAT THEIR FRIENDS.

London, April 8.—The Singapore correspondent of the Daily Express wires a ghastly story of cannibalism at sea brought to Singapore by two survivors of the Nova Scotian bark Angola, wrecked six days' sail from Manila Oct. 23 last. The correspondent says:

"The survivors, Johnnsen, a Swede, and Marticorm, a Spaniard, assert that the Angola struck a reef. Two rafts were built. The smaller, bearing five men, disappeared. The other, with twelve men, drifted for forty days. The sailors ate barnacles, seaweed and finally their boots.

"On the twenty-fifth day two became insane and killed themselves. On the twenty-sixth a Frenchman killed the mate with an ax, drank his blood and tried to eat his brains, but was prevented by the others. Next day the Frenchman was killed while attempting to murder the captain. The survivors, all of whom were now insane, ate the Frenchman's body.

"Cannibalism continued until only Johnnsen and Marticorm remained. On the forty-second day the raft stranded on Subi or Flat island, in the Natuna group, northwest of Borneo. Johnnsen and Marticorm were awfully emaciated. Friendly Malays sent them by junk to Singapore."

Half the ills that man is heir to come from indigestion. Burdock Blood Bitters strengthens and tones the stomach; makes indigestion impossible.

Accidents come with distressing frequency on the farm. Cuts, bruises, stings, sprains. Dr. Thomas' Eclectric Oil relieves the pain instantly. Never safe without it.

"Little Colds." Thousands of lives sacrificed every year. Dr. Wood's Norway Pine Syrup cures little colds, cures big colds, too, down to the very verge of consumption.

Itching piles? Never mind if physicians have failed to cure you. Try Doan's Ointment. No failure there. 50 cents, at any drug store.

PLANS BIG CONSOLIDATION

WATER, GASLIGHT, TRACTION AND POWER COMPANIES

Through the United States to Be Combined—Many North Central Cities to Be In.

New York, April 8.—Emerson Mac-Millan, who was one of the prominent stockholders of the East River Gas company, which is now part of the Consolidated Gas company, said today that he is making arrangements to consolidate another of gaslight, traction and water power companies throughout the United States. The companies already under consideration are: The Detroit Gas company, the Binghamton Gas works, the Columbus (Ohio) Edison company, the Grand Rapids (Mich.) Gas company, the Jackson (Mich.) Gas company, the Laclede Gas company of St. Louis, the Consolidated Gas company of Long Branch, N. J., the Madison (Wis.) Gas and Electric company, the St. Joseph (Mo.) Gas company, the St. Paul (Minn.) Gaslight company; the Western Milwaukee Gas company, the Denver Gas and Electric Light company, the Southern Light and Traction company of San Antonio, Texas; the Montgomery (Ala.) Light and Power company, the Jacques-Cartier Water Power company of Quebec and the Winnebago Traction company of Oshkosh.

The combined capital of these corporations is said to be about $35,000,000.

PEARSONS STIRS MISSOURI.

St. Louis, April 8.—Dr. D. K. Pearsons, the famous Chicago philantropist, passed through St. Louis en route to Springfield, Mo., where he will give away some more of his wealth for the benefit of educating the poor young men and girls. While here he made the remarkable statement that he is not a benevolent man. Said the doctor: "I am not a benevolent man. I am the most economic, close-fisted man you ever put your eyes on. You can tell it by my face. It's there. I never went to a horse race or a foot ball game or a base ball game in my life. What I am doing is done on business principles. After practicing rigid economy for seventy years I asked myself what I should do with my money. I couldn't carry it out of the world in my dead hands and coffins were not made to carry money in. For that reason I turned my attention to sixteen different colleges. I did not establish new ones. We have enough. I wanted to provide a place for the poor boys and girls in the colleges and that is the reason I have been giving my money away.

"I believe in the little red schoolhouse," said he. "Let us educate the children of the poor. The rich men's sons do not need institutions endowed. They can go anywhere. What we should do is to educate the poorer classes and for this reason most of my endowments have been made to struggling institutions and they extend from Maine to Oregon."

Dr. Pearsons has already given away $3,000,000 a la Carnegie.

MAY DIG THE KANKAKEE DITCH

Laporte, Ind., April 8.—Judge Beeman, of Stark county, has ruled in favor of the construction of the Kankakee river ditch. The estimated benefits are $200,000 and 200,000 acres of land will be reclaimed. The ditch will be fifteen miles long, forty to sixty feet wide and twelve feet deep. This is but the beginning of the drainage of the Kankakee valley. No appeal was taken or prayed for. The great problem of draining the valley seems to be solved, so far as the courts are concerned.

BROKE ALL FORMER RECORDS

"THE FAITHFUL FEW" HAD A RED LETTER DAY.

S. F. Bowser's Sunday School Class at Baptist Church Yesterday With Attendance of 273.

S. F. Bowser and his well known Sunday school class, "The Faithful Few," of the First Baptist church, had a red letter day yesterday, breaking all previous records by far.

The regular Sunday school meets at 9:30 in the morning, but as there is not room for "The Faithful Few" to meet with the regular school, they meet at 2:30 in the afternoon, and it was yesterday at this hour that the record was broken badly, the previous high water mark being made some over a year ago, at which time there were 106 present. Shortly after that time Mr. Bowser broke down on the street in Chicago and was for some months in delicate health, but recently he has been improving very much and is taking hold of his Sunday school work with old-time vigor, and yesterday was a culmination of an effort to get all the members of the class together which now numbers about 220, and the effort was very successful, as there were 237 present, visitors included.

Mr. Bowser, as is his custom, met everybody at the door with a great big welcome and had four ushers to take care of the people as they passed in. In the meantime the Conklin orchestra discoursed instrumental music, and in due time the services were opened, during which the Apollo quartet rendered several selections which were greatly appreciated and highly complimented. The regular Sunday school lesson was read, after which Mr. Bowser gave a short talk along the line of honest, faithful Christian living. He spoke with considerable earnestness and left the question with each individual whether they were honestly living as they should or not. At this point Mr. Bowser gave a short history of the class, which was very interesting. He stated that some eight or ten years ago he took a class to teach, consisting of five young ladies and for some months it remained five during which time it was requested that each class give themselves a name, which was not promptly done by this class. Finally one rainy Sunday, when all five of the members were present, Mr. Bowser suggested the class be named "The Faithful Few." This being agreed to, the same was adopted and the class bears that name today. Mr. Bowser also gave the name of each of the five original members, after which A. Z. Polhamus, who is superintendent of the Sunday school, made some remarks complimenting Mr. Bowser and the class on their success; also urged all to make the most of this life and to cast their influence on the side of right, all of which was well received. At this point the teacher had the ushers hand to each one present a beautiful little Easter greeting, after which they sang "Nearer My God to Thee" and closed. Everybody was pleased and congratulated Mr. Bowser on the success of "The Faithful Few."

AIDED MISSION WORK.

At Simpson M. E. church Sunday morning the Sunday school held an enthusiastic Easter mission service that proved most interesting to all present. More than $56 was raised for missionary work by this school.

ABOUT THE CITY HALL.

The committee of the whole will meet this evening to consider the Maumee Valley and Decatur railway franchises. The Maumee Valley matter may be settled, but the Decatur matter does not look just right for immediate disposition and may be held up for a while longer.

The board of works is in regular session this afternoon. No petitions have yet been filed for consideration and it is likely that nothing but routine work will be transacted.

Chester A. Durnell has been granted a permit to erect a residence on West DeWald street to cost $1,500; Judge Aiken has taken out a permit to make an addition to his house on Wall street to cost $800.

OIL TAKES A DROP.

Toledo, April 8.—Oil producers in Pennsylvania, Ohio and Indiana were still further discouraged today by a drop of 3 cents in the eastern, and 2 cents in the western market. The quotations now are: Tiona, $1.35; Pennsylvania, $1.20; North Lima, 88c; South Lima, 83c; Indiana, 83c.

DEAN FARRAR VERY LOW.

London, April 8.—Very Rev. Frederick W. Farrar, dean of Canterbury, whose condition has for the last few days caused anxiety, had a restless night and this morning shows no improvement.

GAIN FLESH

An Absolute Necessity in Many Cases.

A DECREASE IN WEIGHT FREQUENTLY INDICATES A DECLINE.

Our Modern Rebuilder, Vinol, Will Help You Do It.

THE WAY IT ACTS ON A DEPLETED CONSTITUTION IS SIMPLY MARVELOUS.

Are you getting thin? If you are you had better watch yourself. Take Vinol. It will build you up quickly and surely.

A healthy man does not vary much from year to year in his weight. This is as it should be. Vinol enables the organs of the body to renew flesh, muscle tissue, bone structure, and attends to purifying the great vital current of the human system, the blood.

Vinol contains the active curative properties of Cod-Liver Oil in a highly concentrated state, and is the most wonderful tonic that we have ever had anything to do with.

Vinol acts upon the stomach in a beneficial way, enabling it to obtain for itself the necessary ingredients from the food that is taken into it to build up the pure healthy body and increase the weight.

Mr. H. M. Stufell, who is a well-known passenger trainman on the Boston and Maine Railroad, suffered, as many railroad men do, with kidney and other troubles. He writes as follows:

"My kidneys troubled me a great deal, my bowels were very irregular, I had great distress in my stomach, suffered with bilious headaches, had no appetite, could not sleep nights, and was losing flesh rapidly. I began to take Vinol, I am now on my third bottle, and it is doing wonders for me. My kidneys are better, my bowels are again regular, my stomach no longer troubles me, and no more headaches, and as for appetite, don't speak of it; I sleep like a top and have gained thirteen pounds. You can count on me always to recommend Vinol as the king of medicines."

With many such testimonials as the above coming before us, it is not strange that we endorse Vinol as strongly as we do. We unhesitatingly agree to return to any one who has taken Vinol and is not satisfied that it has accomplished all that we claim for it every cent that they have paid us for this remedy.

ELEGANT NEW QUARTERS.

A. H. Perfect & Co. expect to occupy their new quarters in the Bash building, on Columbia street, about the 15th of this month. The entire interior is being arranged on up-to-date lines and the office furniture and equipments will be models. It is gratifying to note, also, that Messrs. Perfect did not find it necessary to go outside of Fort Wayne to have their furniture built, as every piece of it will be the handiwork of Fort Wayne mechanics. It is being built by Edward Helmke, of the Central Furniture company, on Main street. All the desks, partitions, etc., are of elegant quartered oak, fitted with beveled plate glass, superbly finished and of splendid design, altogether a credit to the firm as well as the manufacturers. Mr. Helmke is also building a new line of office furniture for the Prudential Insurance company.

TOWN OF ANDREWS WINS.

Andrews, Ind., April 8.—The suit decided in the Huntington circuit court in favor of the Andrews town corporation grows out of the defalcation of Lemel Long, town treasurer, and the effort to collect from John Strouder and Joseph Baker, sureties on his bond. Long served as treasurer for eleven terms and he represented to the town council that school bonds calling for $3,000 had been paid, when, in point of fact, he had hypothecated them and appropriated the proceeds to his private use. The court held that the sureties were liable for the principal and interest dating back to 1894. An appeal will be taken. No prosecution lies against the ex-treasurer, being barred by the statute of limitations.

EXPECTANT HEIRS.

Auburn, Ind., April 8.—More than a dozen persons in northern Indiana are interested in the estate of a wealthy relative. Those in DeKalb county are John and Nancy Penick, of Butler, while others reside in Steuben and Lagrange counties. The estate is that of Leonard Case, of Cleveland, Ohio, recently deceased. It has been ascertained that it aggregates about $20,000,000, consisting of 887 business and dwelling houses, centrally located in that city. He left no direct heirs and made no will or other disposition of his property and it naturally reverts to the heirs of a brother and sister, the sister being the grandmother of John and Nancy Penick, of Butler.

NERVOUS DYSPEPSIA.

A CURE FOR IT.

Not a Patent Cure-all, Nor a Modern Miracle, But Simply a Rational Cure for Dyspepsia.

In these days of humbuggery and deception, the manufacturers of patent medicines, as a rule, seem to think their medicines will not sell unless they claim that it will cure every disease under the sun. And they never think of leaving out dyspepsia and stomach troubles. They are sure to claim that their nostrum is absolutely certain to cure every dyspeptic and he need look no further.

In the face of these absurd claims it is refreshing to note that the proprietors of Stuart's Dyspepsia Tablets have carefully refrained from making any undue claims or false representations regarding the merits of this most excellent remedy for dyspepsia and stomach troubles. They make but one claim for it, and that is, that for indigestion and various stomach troubles Stuart's Dyspepsia Tablets is a radical cure. They go no farther than this and any man or woman suffering from indigestion, chronic or nervous dyspepsia, who will give the remedy a trial will find that nothing is claimed for it that the facts will not fully sustain.

It is a modern discovery, composed of harmless vegetable ingredients acceptable to the weakest or most delicate stomach. Its great success in curing stomach troubles is due to the fact that the medical properties are such that it will digest whatever wholesome food is taken into the stomach, no matter whether the stomach is in good working order or not. It rests the overworked organ and replenishes the body, the blood, the nerves, creating a healthy appetite, gives refreshing sleep and the blessings which always accompany a good digestion and proper assimilation of food.

In using Stuart's Dyspepsia Tablets no dieting is required. Simply eat plenty of wholesome food and take these Tablets at each meal, thus assisting and resting the stomach which rapidly regains its proper digestive power, when the Tablets will be no longer required.

Nervous Dyspepsia is simply a condition in which some portion or portions of the nervous system are not properly nourished. Good digestion invigorates the nervous system and every organ in the body.

Stuart's Dyspepsia Tablets are sold by all druggists at 50 cts. per package.

They are manufactured by the F. A. Stuart Co., of Marshall, Mich.

Any druggist will tell you it gives universal satisfaction.

Hear Father J. M. Cleary lecture at Library hall tomorrow evening.

There is no doubt of Japan's courage. But the Mikado should remember that Russia also has a fighting record.

President Castro may be the "whole thing" in Venezuela, but Venezuela is not the "whole thing" in this hemisphere. This strenuous man will find himself sporting some variety of straight-jacket in due time.

Russia has forced the situation up to the powers by declaring she is in Manchuria to remain until a Chinese government that can govern is installed at Pekin. It is now to be determined whether or not it is easier to move Russia off from China forward.

The Gainsborough picture of the duchess of Devonshire is responsible for the ladies' headgear of that name. That being the case every one who has suffered obscuration of the earth and heavens from that cause will wish the artist had been stolen before he tempted womankind with the thing of evil he painted.

Russia has an army of more than 3,000,000 men. Japan can muster only 400,000. Russia has 105 warships of all kind—good, bad, and indifferent. Japan has about the same number. But Russia's troops are scattered over the entire empire from the Baltic to the Yellow sea. Japan can place most of her army on the mainland in the course of a week. Russia must keep the bulk of her army in Europe to guard against attack. Japan has no neighbors waiting restlessly to profit by her extremity. Russia's navy, such as it is, cannot be brought to bear on Japan for weeks. Most of her ships are in European waters. Japan has all her strength concentrated within striking distance. These facts make it appear that Japan could give Russia a busy half hour or so, if she could not keep her interest thoroughly awake for an indefinite period, as the Boers have done with the British in South Africa.

A New York man fell asleep and the cigarette he was smoking at the time ignited his celluloid collar from which accident he suffered burns that will mark him for life. Of course, as any other cigarette fiend would do, he has blamed the celluloid collar and foresworn it forever, and will continue to put scars on his lungs, blotches on his complexion and degeneracy in his soul by the use of cigarettes.

The board of public works may recall that we have heretofore directed their attention to the need of some improvements about the flowing well in Swinney park. The only improvements that have been prosecuted there have been a changing from time to time of tin cups at the drinking spigots. What is most needed and what we have repeatedly suggested is the erection of a handsome and commodious pavilion above the well at such height as will make it attractive and yet not prevent the piping of the water above the floor. A pavilion, with stone foundation, board floor, steel framework and sheet steel roof, capable of accommodating several hundred persons, could be constructed at no appalling cost and it would not only highly ornament the park, but would add to the pleasure of the thousands who habitually go there in the warmer seasons. No improvement the board can make in Swinney park at present would command the appreciation of the people to a greater degree. Think it over, gentlemen of the board, and do something.

A TICKET FOR EVERYBODY.

The city campaign is about to begin and there will be the usual noise and distraction of a heated political fray. Men will divide from each other on party lines and there will be a strenuous time generally. Notwithstanding this there is already a non-partisan ticket in the field on a non political, but progressive platform. This citizens' ticket has nominated the Fort Wayne auditorium for one of the most important places in all the city and the platform declares solely for the city's good.

Everybody, men, women and children, without regard to age, sex or previous condition of finances, can vote for this candidate and support this platform. Candidate and platform appeal to the reason, the good sense, the upright citizenship, the civic pride and the self-interest of everybody in Fort Wayne. The beauty of this auditorium election is that you can vote early and often. One dollar will enfranchise you for a share in the glory of the victory. Five dollars will give you a good working influence in the contest and ten dollars will almost make you a boss.

This is an election in which everybody ought to vote and but one way. Turn in with a good will and lively energy and make the election of the auditorium unanimous.

IN YEARS GONE BY.

(South Bend Times.)

Time was when some of the northern Indiana papers, all weeklies then, had very able writers as their editors. The St. Joseph Valley Register, with Schuyler Colfax as editor and proprietor, commanded great influence throughout the state. The Goshen Democrat was remarkably strong politically when Dr. E. W. H. Ellis, Col. M. B. Hascall, Judge Robert Lowry and Laporte Heefner were at the helm. Strong and vigorous were the editorials written by Judge James D. Osborn when he controlled the South Bend National Union in 1870. The Goshen Times had an exceptionally vigorous writer in the person of Dr. H. J. Beyerle. Col. John C. Walker wrote editorials for the Laporte Times that would have been a credit to any metropolitan paper. Sims Major made a model paper of the Laporte Herald, then owned by Chas. G. Powell. No better editorial writing was ever done on a county paper than John D. Devor and Dr. John H. Rerick did on the Lagrange Standard. The Ligonier Banner had among its contributors such men as Michael C. Kerr, Col. Thomas Dowling, Joseph K. Edgerton and E. C. Hibben. The Fort Wayne Sentinel, at various times, had exceptionally able writers on its editorial staff, including such men as Judge Robert Lowry, Thomas Tigar, William Fleming and Samuel E. Morss. Bright and sparkling were made the columns of the Logansport Pharos when Rufus Magee was its editor and proprietor. The Plymouth Democrat was always ably edited. Splendid editorial work was done by Dr. B. F. Thomas on the Winamac Democrat during the seventies. Aaron Gurney wielded a powerful pen in filling the columns of the Valparaiso Vidette with original matter on politics and other subjects. Charles L. Murray injected a great deal of vim and vigor into the columns of the papers he edited at various times in Kosciusko county. Goshen and South Bend, and H. E. Wadsworth did excellent editorial work on the Laporte Argus.

MRS. FISKE IN "BECKY SHARP" TONIGHT.

One witnessing the performance of a great scene like that of the ball of the Duchess of Richmond at Brussels, as it is illustrated in "Becky Sharp," tonight, Mrs. Fiske's new play from "Vanity Fair," could never realize, except from attendance upon the rehearsals from which it grew from the first, what an infinite patience and detailed drill and repetition are necessary to bring such a scene to a semblance of real life. While the current of the play flows through it and the process of the story is developed as the scene develops, the whole act, if analyzed without reference to the plot, would seem to be made up of episodes almost without number, in which the many persons and personages on the stage take part in pairs and groups, as the action demands, and in excellent representation of the varied personal contacts of a great social function. Some two score or more of people figure during the progress of the act, some of them not connected with the development of the play except as lay figures, yet all necessarily trained to do the right thing at the right time in order to preserve the artistic balance of the drama. Even the figurants in this act are trained actors, and the act as a whole represents one of the most perfect ensemble achievements of the modern theater.

A MOTHER'S SAD FINDING.

Warsaw, Ind., April 8.—The ten-year-old son of Samuel Ward, three miles east of Pierceton, was found dead in the barn loft by his mother. The boy had fastened a noose around his neck and when found he was on his knees, with his neck broken. Whether his death was due to accident or was premeditated is unknown, but as the boy had been given permission to play in the barn, his parents are confident that the death was accidental.

CAUSE OF TROUBLE

ESTRANGING VENEZUELA AND THE UNITED STATES.

LATIN REPUBLICS FAITHLESS

REPUDIATION OF ASPHALT CONTRACTS RESPONSIBLE.

HISTORY OF THE TROUBLE

COURTS COULD SETTLE IT IF GIVEN A CHANCE.

Chicago, April 8.—The Record-Herald prints the following dispatch from William E. Curtis, its Washington correspondent:

The trouble in Venezuela grows out of a dispute betwen two American paving companies over the title to certain deposits of asphaltum in the state of Bermudez. These deposits are curious natural phenomena. The most celebrated and extensive is familiarly known as the Pitch lake of Trinidad, and lies on that island near the mouth of the Orinoco river, almost a stone's throw from the sea. It resembles a swamp in appearance, hummocks of sand covered with rank grass and underbrush rising above the surface, but they are surrounded by black mineral pitch instead of water. In some places the pitch is several hundred feet clear of sand and vegetation, and in spots it bubbles up like a spring. Science has failed to account for these curious deposits. They are composed of bitumen, turpentine, petroleum, maltha and other ingredients mixed with sand and limestone in powder, and are heated and renewed by subterranean fires. The lake always remains at the same level and when asphaltum is taken away the cavity will be refilled within a few weeks and sometimes days. At the bubbling springs the heat is at the boiling point, but the substance grows colder as one gets farther away and on the edges of the lake is as hard and solid as a paved street. There is always a crust caused by evaporation and the heat of the sun, but when it is removed the asphaltum underneath is about the consistency of ordinary mortar.

The National Asphalt company, of New York city, of which A. L. Barber, of Washington, is the principal owner, and Gen. Francis Vinton Greene, who was grand marshal at the recent inauguration, is president, owns the asphalt lake at Trinidad, and has arranged its facilities so conveniently that ships can be loaded directly from the deposit. It also owns several other deposits along the Venezuelan coast and has had practically a monopoly of the asphaltum of the American hemisphere.

In 1886, when Gen. Guzman Blanco was president of Venezuela, he gave a concession to operate certain deposits of asphaltum in the state of Bermudez to an American biscuit drummer named Horatio R. Hamilton, of New York, with a stipulation that the concession "shall remain in force for twenty-five years, commencing from this date, December 7, 1886, and during that time the government shall not grant equal rights in the state of Bermudez to any other person." Upon that clause in the contract hangs all the trouble.

Hamilton sold his concession to the Barber company, which has been getting out asphalt under the title of the New York and Bermudez company, and a Mr. Garner has been the resident agent and manager.

In 1897 three native Venezuelans claimed to have discovered new deposits of asphaltum in the state of Bermudez, which, according to the poetic custom of the country, they named La Felicidad (the happiness), and sold their claims to Patrick Quinlan and W. C. Warner, of Syracuse, N. Y., for $40,000. About two years ago, soon after this transaction took place, there was a revolution in Venezuela by which Mr. Andrade was deposed from the presidency and Mr. Castro was seated in his place. The latter found an empty treasury, and needing funds to maintain his government and protect his authority, began to sell concessions and use other means familiar to the officials of the South American republics. The fact that one government will repudiate the acts and contracts of another disturbs public confidence, prevents the investment of capital and retards the development of a country. In Venezuela this practice has been common and some of the more valuable privileges and monopolies are sold anew to the highest bidder whenever the government runs out of money, regardless of contracts and obligations.

The Warner-Quinlan syndicate claims to have been acting in good faith when it paid a large sum of money to President Castro for the privilege of working La Felicidad asphalt deposits, and attempted to utilize their concession. The Barber company not only claimed a violation of the twenty-five-year monopoly granted to Hamilton, but asserted that the adventurers from whom the Warner-Quinlan company had purchased the claim had simply discovered the deposits covered by Hamilton's concession, which had been worked by Garner for eight or nine years. The government sustained the Warner-Quinlan company and told them to go ahead and take out all the asphalt they pleased, but when they sent men up to Lake La Felicidad the employes of the Barber company drove them off and a small war broke out between the rival American companies.

Mr. Loomis, our minister at Caracas, attempted to arrange matters between the two companies, and admonished General Castro's government that the rights of the Barber company must be protected and has shown a very firm and positive determination to see justice done. This has brought down upon him the hostility of President Castro and his adherents, and, although his official relations with the government continue to be friendly, he has been subjected to insults and petty annoyances of all kinds which he could not resent in a formal manner. The official newspapers of Caracas have published abusive attacks upon his personal character and have been illustrated with cartoons that were even worse. President Castro could have stopped this with a word, but has chosen not to do so. He continues to treat Mr. Loomis with respect and courtesy, but everybody knows that he has inspired the outrageous attacks upon the American legation. For that reason Mr. Loomis has been recalled and the simultaneous departure of Mr. Palido, the charge d'affaires of Venezuela in Washington, is practically equivalent to a suspension of diplomatic relations between the two countries.

The most serious cause of offense on the part of Venezuela is the arrest and imprisonment of the American consular agent in the state Bermudez for attempting to carry out the orders of Minister Loomis, and for that President Castro will be required to make ample reparation. In the meantime the rival asphalt companies are maintaining an armed truce. The Barber company is in possession of Lake La Felicidad. Captain Rafferty, who distinguished himself at the battle of El Caney with the Seventy-first New York volunteers, is in command with a detachment of armed employes. The dispute over the title will sooner or later reach the courts, where it should have gone at the beginning. The New York and Bermudez company can sue the Warner-Quinlan syndicate for trespass or the Syracuse syndicate can sue their rivals for the value of the asphaltum they have taken out.

STEVENSON TO MEREDITH.

The new edition of Stevenson's letters contains three new letters. We take the following from the one to Meredith: "For fourteen years I have not had a day's real health; I have wakened sick and gone to bed weary; and I have done my work unflinchingly. I have written in bed, and written out of it, written in hemorrhages, written in sickness, written torn by coughing, written when my head swam for weakness; and for so long, it seems to me, I have won my wager and recovered my glove. I was made for a contest, and the powers have so willed that my battlefield should be this dingy, inglorious one of the bed and the physic bottle. At least I have not failed, but I would have preferred a place of trumpetings and the open air over my head."

B. W. SKELTON MAY BE NAMED

REPUBLICANS TALK OF HIM FOR MAYOR.

He Is Strong and Popular and Has Done Lots of Party Work for Little Reward.

The republican primaries will be held in the various wards this evening, when delegates will be elected to name a ticket to contest the election of municipal officers next month. The delegates may or may not have an onerous duty to perform in the selection of a candidate for mayor. Capt. Charles Reese, now on his way home by easy stages, from two years' service in the Philippines, was telegraphed last Saturday and asked whether he would accept the nomination. What his reply was, or whether he replied at all, is not a matter of public information. Intimate friends of the captain, however, say that he certainly would not accept the nomination if offered him on a silver platter, and say that they would advise against it. Captain Reese has made a good record, has military aspirations, is naturally adapted for a military life, and it is not likely that he will in any sense seek any civic honors. Captain Ranke was also approached by republican leaders and sounded on how he would like to run as an independent candidate, with republican endorsement. The captain said that he had but so recently recovered from a little political sortie that he scarcely knew where he was at. From what he could gather by patching together the scraps found lying loose, he believed that he could safely conclude that he might profitably keep out of the mixup and therefore he felt constrained to decline the honor with thanks.

The latest acquisition to the ranks of possibilities is B. W. Skelton, who is said to have been decided upon as the republican standard bearer and who, it is likewise said, will accept the responsibility. The latter statement could not be confirmed today, as Mr. Skelton is out of the city, and so far as The Sentinel can learn, has deputized no one to speak for him. Before leaving the city this morning, when asked about the matter by a friend, he said that all he knew of it was what he had seen in a morning paper. If Mr. Skelton will accept the nomination the problem is doubtless solved and for the party, happily, too. Mr. Skelton is a worthy man, is capable and deserving. He has always been a consistent republican, has given freely of his means to his party's support and largely of his time to the espousal of its interests. He has been a hard worker always, but unfortunately for him, whenever there was honor of any kind to be distributed, he was given the tacky end of the stick. He was always told that he was a good fellow, that his services were appreciated and that the party loved him, but that so far as anything else was concerned it was hoped that he would readily see that for the good of the party he should sit down. With Mr. Berghoff as the democratic nominee, the duty of conducting a campaign against him must be conceded as an honor, and whether the republican masters will eventually allow Mr. Skelton to bear that honor remains to be seen. There is also another side to the question and one that will provoke the liveliest squirming. Mr. Skelton, as is well known, is a candidate for the postmastership. Should he be nominated for mayor and make a creditable race, although a losing one, he might acquire a claim to recognition that he does not now so fully possess. How that will strike the present federal management is a question and it may be that Mr. Skelton's candidacy may not bear fruit of nomination. It is a ticklish question all the way round for the friendly enemy to settle and can not be disposed of until Mr. Skelton's return to the city, which will be tomorrow or Wednesday.

SOCIAL DEMOCRATS.

The social democrats this morning submitted a petition signed by twenty-five voters asking that their candidates for municipal officers be placed upon the city ticket at the coming election. The petition presented the following names of candidates:

—Mayor.—
Martin H. Wefel.
—City Clerk.—
Emmet Martin.
—Councilmen.—
First Ward—Frederick C. Heine and Lewis B. Down.
Second Ward—No candidates.
Third Ward—Charles M. Maxwell and Charles A. Scott.
Fourth Ward—Thomas J. O'Brien and George Strasser.
Fifth Ward—Frederick W. Stolte and Robert Vieweger.
Sixth Ward—Frederick H. Rolf and Henry L. Cohen.
Seventh Ward—Tilben T. Wilkinson and Sam D. Marchant.
Eighth Ward—Gustave Beneckt and William Hartman.
Ninth Ward—Joseph E. Ferguson and George Aichele.
Tenth Ward—John Brinskill and Henry Eutrecht.

COURT NEWS.

In the case of Minnie Reitze vs. the supreme council of the Royal Arcanum and Charles F. Reitze the court found for the plaintiff in the sum of $1,500 and for the defendant, Charles F. Reitze, $375, and co-defendant, William Reitze, for $1,125. Minnie Reitze is the widow of John B. Reitze, who was divorced over a year before his death. The rules of the order are that in case of a divorce the benefit is paid to heirs other than the divorced wife. Mrs. Reitze contended that the council continued to receive money in payment of assessments after the divorce and that it was accepted with a full knowledge of the facts in the case.

A ROMANTIC COURTSHIP.

New York, April 8.—The romantic story of the courtship of Miss Satterfield, the daughter of Mrs. John Satterfield, of Buffalo, and Franz Josef, Count Von Larisch of Austria, has become known at Allentown, Pa., through friends of the couple, according to a special to the Journal and Advertiser. The prospective bride, who has just reached her majority, met her future husband a year ago while touring the continent. The count, who is 22, came to America several months ago, proposed marriage and was accepted. The empress of Austria is his aunt, and when he was baptised the emperor stood as his sponsor. Miss Satterfield and the count are visiting Allentown. Prince Henriech, one of the many Austrian princes and a close friend of the count, is expected in New York on Wednesday and the formal announcement of the engagement, it is then expected, will be made. Miss Satterfield's father, who was connected with the Standard Oil company, died suddenly in Europe a few years ago, and left the future countess, who is his only daughter, an independent fortune.

TOO MANY INFIDELS.

"Students of colleges and universities are being made infidels under our very eys," said a member of the Woman's National Sabbath alliance at its regular monthly meeting yesterday morning. She lamented the fact that textbooks are written by skeptics and agnostics and that, as a consequence, statements made regarding religious creeds are caricatures. Anent the subject, another member stated that college students are often obliged to travel on Sunday, because they must reach their class rooms early on the mornings of Mondays following vacations. She suggested that the attention of college presidents be called to this condition. In these easy-going days, she said, young people do not rise at 6 o'clock in the morning or earlier in order to catch early trains. A discussion followed this and the matter will be brought before the board of directors. The meeting was informal and a variety of topics was discussed. Mrs. Darwin R. James presided and said:

"No nation rushes into fads as we do. The trend is rapidly downward and the barriers guarding Sabbath observance are rapidly going down. The Sabbath law is not only written in the Scripture, but in the heart of every man and animal. If we are to be the nation we ought to be and might be—the leader of everything good in the earth—the Sabbath must be preserved."—New York Tribune.

A SCRAP OF HISTORY.

In March, 1847, General Winfield Scott captured Vera Cruz. It was strongly fortified on the land side, and toward the gulf was defended by the Castle of San Juan de Ulloa, the then strongest fortress in America with the exception of Quebec.

The bravery and gallantry, the hardihood and endurance displayed by Americans in the Mexican war are not always remembered. It was the men of the South and Southwest who fought this war, and they were worth the applause of history.

On March 10 the investment of Vera Cruz was begun by General Worth, and the American lines were definitely established around the city for a distance of six miles. During the day, and for several days thereafter, bodies of Mexicans attempted to harass the besiegers, and a steady fire was maintained upon them by the guns of the castle and the city as they worked at their batteries. The American works being completed and their guns in position General Scott summoned the city to surrender, stipulating that no batteries should be placed in the city to attack the castle unless the city should be fired upon by that work.

This demand was refused by General Morales, who commanded both the city and the castle, and at 4 o'clock on the afternoon of March 22 the American batteries opened fire upon the town. The bombardment was continued for five days and the fleet joined in the attack upon the castle. The city suffered terribly; a number of the inhabitants were killed, and many buildings were set on fire by the shells. On the 27th the city and castle surrendered, and were occupied by the Americans. The inhabitants were protected, however, in their civil and religious rights.

The railways in this country support about four million persons and their families.

NEWS OF THE DIAMOND

The club owners and the schedule committee of the Western association met at Louisville on Saturday night and yesterday, and formulated a schedule for the season and transacted some other business which came before the congress of magnates. Out of the smoke and dust incident to the meeting, Fort Wayne emerged in a whirlwind of gore slightly disfigured but still with its clothes on, probably due to the fact that they were glued on. In the schedule arrangement Fort Wayne came out just behind the flag in everything except Sunday games, and as there is some doubt about Sunday ball in this city the fact that it got ten out of nineteen seventh day games is not much to whoop about. The "other things" is what knocks, however. The announcement is that Fox and Ames, one of the strongest batteries claimed by Manager Miller, goes to Grand Rapids, is not one that will be likely to create much enthusiasm in the souls of the local fans. There was a scrappy time at Louisville on Saturday night, in which President Mautner and Deacon Ellis, of Grand Rapids, mixed it up and the deacon came out with flying colors. He claimed Fox and Ames from the Mansfield club and Mautner protested. Both men stuck for what they claimed were their rights, and finally Ellis threatened to withdraw, and Mautner was forced to capitulate. Fort Wayne opens the season at Toledo for four games and then comes home for four games with Grand Rapids; then goes to Marion for four and returns and plays a series of twelve games with Louisville, Indianapolis and Dayton, in the order named. Toledo will not be seen here until June 2 and Columbus will cross bats on the home grounds for the first time June 16.

President Meyer returned from Louisville this afternoon and an interview with him puts a slightly different aspect on some things connected with the meeting. The Grand Rapids representatives who attended the Fort Wayne meeting two weeks ago, did not correctly represent things to Deacon Ellis when they returned to their Grand Rapids home. Mr. Ellis at Saturday's meeting simply stood on his hind legs and declared that if he was not allowed to have Fox and Ames he would withdraw from the league. He did go so far as to leave the room and prepare to leave the city, when, at the earnest solicitation of the other club owners, Mr. Mautner consented to sacrifice the two players demanded. With regard to holiday dates, a resolution was passed at the Louisville meeting whereby all receipts in all cities of the association will be pooled and equally divided among the eight clubs. This gives Fort Wayne an equal show with any of the others and does not make the situation quite so bad.

President Ebbets, of Brooklyn, has reclaimed Sheckard from the Baltimore American league club. Sheckard was not sure as to the validity of his contract with Baltimore and consulted National league counsel, and was naturally advised to return to Brooklyn.

Poole, formerly on Wheeling's pitching staff, and Donahue, the ex-Dayton catcher, both with Pittsburg, are making wonderful records at Hot Springs.

The uniforms of the Mud Hens this year will be cadet gray knickerbockers, shirts, black caps and black stockings. On the left pocket there will be a large Roman "T."

In an interview in Cincinnati a few days ago Bobby Quinn had the following to say of Catcher "Billy" Bergen, who was drafted from the local team by Cincinnati: "Cincinnati has a jewel in Billy Bergen. He is even a better thrower than his brother Marty. I have seen them both. If he gets a chance he will make good in the big league. He can throw from any position with no apparent effort. He was easily the best catcher in the Inter-State league last year. He can catch a ball knee high and throw out runners at second base underhanded. He will hit as well as lots of catchers. I'll bet he will not hit under .250. He is a prize."

Columbus is not so very badly broken up over the flunk of Motz, but feels very sore at the treatment he gave the managers. The Columbus club owners are now negotiating with Billy Nash, late of the Bostons, to manage the team this season. Meantime Bobby Quinn is taking care of everything that comes his way and Columbus can be depended upon to be all right when the season opens.

The Toledo players commenced practice at Armory park in Toledo today. The Toledos will practice in the armory in inclement weather.

Manager Watkins has appointed Mike Kelley captain of the Indianapolis team and has released Pitcher Potter, Catcher Cummings and Infielder Smith.

George Nill, of last year's Shamrocks, who signed with Marion, left yesterday for that town, where he is a candidate for shortstop. Nill is one of the fastest amateurs in the country and gives great promise of developing into a great player.

Kelley, Indianapolis' first baseman, has been selected field captain of the capital team. President Watkins has already commenced the pruning process and after the first game let Butler, a pitcher; Cummings, a catcher, and Smith, a fielder, go.

Earl Moore has not yet shown up at St. Louis for practice and Manager Donovan believes he has flopped to Cleveland.

Jack Law, first baseman with Mansfield last year, passed through the city Saturday on his way to Kansas City. He put in about six hours with the local fans and the "pipes" that he told will keep lots of 'em awake nights for a month to come.

Dayton has signed Pitcher Oscar Streit, who was with the club two years ago and was this year claimed by Anderson and Columbus, but somehow managed to clear matters up and sign with Dayton. The "Old Soldiers" now have exactly a dozen pitchers on the claim list.

The National league teams have now been practicing just a week and are unanimous in declaring the new rules "strictly on the perk." The rule declaring the first two fouls strikes is particularly obnoxious. It is said to work a great hardship on hitters who do not foul intentionally and will play particular hob with the 300 hitters, while it will give the pitchers credit where they do not deserve it. It's easy picking for the pitcher. When the batter comes up the pitcher can shoot a hot one in on his head or slats and he'll stand away and make a few fouls while doing his best; then a nice one over the plate and the trick is off. It is said that before the present week is out there will be a formal protest sent to the rule committee asking for the abrogation of the hit-by-pitched-ball rule and the foul-strike rule.

THE MARKETS.

Chicago, April 8.—May corn changed hands in heavy quantities at the opening of the market today, selling ⅛c to ⅜c lower at 44c to 43¾c under the influence of seasonable weather and liberal receipts. The opening rush to sell being over, the market became firmer. May reacted to 44⅜@44⅛c on a scattered demand. Receipts were 291 cars, 74 of contract grade.

May later worked down to 43¾@43⅝c on profit-taking, but rallied and closed firm, ⅛@¼c net higher at 44⅛@44⅜c.

An increase on ocean passage, together with the favorable weather and predictions of a bumper crop, caused weakness in the wheat market at the opening, but later the losses were more than regained on covering in an over-sold market. May opened ⅛c to ⅛c lower at 70⅝ to 70¼c under liberal offerings. Reports of frosts in Germany, the corn strength and moderate world's shipments caused a change in sentiment and May rose sharply to 71⅛@71¼c. Local receipts were 93 cars, none of contract grade, while Minneapolis and Duluth reported 411 cars against 180 last week and 608 a year ago.

May advanced to 71⅛c on covering and closed firm, ⅛c higher at 71¼c.

Oats were quiet. May opened a shade to ⅜c lower at 25⅝c to 25⅜c and recovered to 25⅝c. Receipts were 221 cars.

Trade in provisions was dull and the tone of the market rather easy. May pork opened 5c lower at $14.80; May lard 2½c down at $8.37½, and May ribs 2½c depressed at $8.15.

THE CLOSE.

Prices at the close were as follows:

Wheat—April, 70⅛c; May, 71¼c; July, 71¾c.

Corn—April, 43¾c; May, 44¼@44⅜c; July, 43⅞c.

Oats—April, 25⅝@25⅛c; May, 25⅛@25⅜c; July, 25⅛c.

Pork—April, $14.40; May, $14.50; July, $14.80.

Lard—April, $8.37½; May, $8.25; July, $8.17½; Sept., $8.15@8.17½.

Ribs—April, $8.10; May, $8.10; July, $7.92½; Sept., $7.92½.

Flax—Cash N. W., $1.53½; No. 1, $1.52; May, $1.53.

CHICAGO LIVE STOCK.

Chicago, April 8.—Cattle—Receipts, 20,000; market generally strong to 10c higher; active. Good to prime steers, $5.00@6.10; poor to medium, $3.85@4.95; stockers and feeders, $2.75@4.75; cows, $2.00@4.60; heifers, $2.90@4.75; canners, $2.10@2.85; bulls, $2.85@4.60; calves, $4.75@6.00; Texas fed steers, $4.25@5.30; Texas grass steers, $3.00@4.00; Texas bulls, $2.85@4.00.

Hogs—Receipts today, 18,000; tomorrow, 15,000; left over, 2,000. Market 5c higher; top, $6.20. Mixed and butchers, $5.85@6.15; good to choice heavy, $6.00@6.20; rough heavy, $5.85@5.95; light, $5.30@6.10; bulk of sales, 5.95@6.10.

THE DAY ON WALL STREET.

New York, April 8.—The stock market showed signs of demoralization at the opening after the triple holiday, owing to the accumulation of a number of unfavorable factors, especially the depletion in banking reserves, disclosed by Saturday's bank statement.

There was no market in London today and foreign markets were not a factor here. Prices broke with great violence in some of the speculative favorites of last week. The first sale of Rock Island was at a decline of 1¼ and the next sale of 100 shares caused a break of 2½ further. The price plunged to 6¼ below Thursday's final price. The other Grangers were acutely depressed in sympathy. Burlington declined an extreme 4⅜, showing a drop of 2 points between sales.

St. Paul lost 2, Amalgamated Copper 2¾, Delaware and Hudson 4½, Northern Pacific 2⅞, Manhattan 3½, Louisville 2½, New York Central 3, and an extended list of other important stocks from 1 to 2 points. There were a few gains, but they were unimportant. Trading was very heavy. The market yielded after the opening. Smelting moved contrary to the market with a violent rebound of 9 points and the preferred 3½. Very heavy blocks were unloaded at the decline and the price movement became very erratic and violent.

The violence of the opening decline made the level of prices attractive to the shorts for covering, and there were some speculative purchases for a quick turn which rallied Delaware and Hudson and Rock Island 3½ and Northern Pacific, St. Paul, Burlington, Manhattan and Amalgamated Copper 2@2½. The general tone was improved by the decided strength of Sugar, Texas and Pacific and some minor stocks, which rose 1½@3 points above Thursday's close.

Smelting broke 5 points and the preferred 2 from the opening bulge. The market was intensely feverish and nervous on the rally and there were frequent dips in the course of the recovery. United States Steel yielded 1½ and the preferred nearly a point, but recovered with the general market.

No especially large offerings met the rally and the rise in Sugar to 144⅞ encouraged the bulls to bid more liberally for other stocks. In only a few instances did the rally wipe out the earlier losses, examples being People's Gas and Metropolitan Street Railway, which were 1¾@2 points above last week's close. Realizing by the professionals caused a set-back before midday, which was most marked in some of the railroads, Sugar and Amalgamated Copper.

Bonds were irregular.

THE GRAPHOPHONE GRAND.

To meet the constantly growing demand for a graphophone of the Grand type at a figure that will suit the popular purse, the Columbian Phonograph Company announces that the price of the Columbia Grand Graphophone is reduced from $75 to $50, of Grand records from $1.50 to $1 each, and of Grand blanks from $1 to 75 cents each. These machines give forth reproductions of sound with the same volume and quality as the original rendition. They speak and sing with the volume of a giant's voice; yet with the intensified vibrant power there is no sacrifice of quality, but, on the contrary, a richer, fuller and more faithful reproduction of the timbre of the original sound is obtained. Five hundred dollars was the price of the machines when first offered for sale, and the original price of large records was five dollars each. Facilities for the manufacture of the goods on a large scale and the bringing out of new models, have made possible great reductions in price. There is now no obstacle to the universal adoption of the Grand graphophone as the most fascinating home entertainer of modern life.

The Columbia Phonograph Co., No. 88 Wabash avenue, Chicago, headquarters for graphophones and talking machine supplies of every kind, will send you catalogues on application.

The strongest lecture of the People's lecture course will be given by Rev. J. M. Cleary at Library hall tomorrow night.

SHALL WE HAVE THE AUDITORIUM?

Shall the auditorium be built?

The Commercial club decreed that so far as lay in its power it should, and then proceeded to launch the movement upon the sea of public spirit and collective enterprise. It adopted a fundamental policy of a building without a debt, delegated a special committee to proceed, charged with the duty of pushing the movement to a successful conclusion, and agreeing to pay the necessary expenses with the expectation that these would be returned to it if the enterprise was successful. The club showed a disposition to use the limit of its influence and power to promote this great movement, and in stipulating that the preliminary expense be returned to its treasury, if success result, proved its loyal disinterest in the movement; it showed that it is trying to give momentum to the movement for the city's good, without entailing upon the stockholders of the Auditorium association any obligation to the club. What it has done has been no more than it ought to do and nothing that it has done shows a particle of motive except the public good. The Commercial club has no axes to grind for its own benefit. Now comes the question:

Will the auditorium be built?

The answer lies with the people, and the fact that the small subscriptions printed thus far show an aggregate of over $1,000 should be taken of the final answer. The people of Fort Wayne are surely not going to allow the effort to fail and brand the city of Fort Wayne as a "short skate" in public spirit in the mind of the people of the Twelfth congressional district, to say nothing of the counties contiguous, but outside the district. There is no reason to be discouraged because two months have passed since the movement took shape. This enterprise is one that will require time and patience and must win if it takes all summer.

This should be the constant expectation of the solicitors. Many of them have secured promises, more have not fully covered their territories, and probably not one has done all that he could. The collective resources of the people are so many times more than what is needed to supply the money for the auditorium that no doubt can follow the persistent effort on the part of the over one hundred solicitors. It is evident, however, that the ward chairmen should begin to revise their lists of solicitors. Those who have done nothing and show no disposition to give any time or effort, or other form of encouragement to the work assigned them, should be supplanted by others.

It is time to show some firmness and invincibility of purpose. Warm weather cannot be two weeks off, and then everybody will take on the encouragement of renewed vigor. Business will encourage activity all along the line. Money will begin to circulate and public spirit will begin to pulse responsive to the sun's stimulating rays. Everybody's temper is more or less winter-raw and a few days' sunshine will renew the weather-beaten people of Fort Wayne. Nobody should be discouraged or quit the good work.

IN THE MATTER OF CRYING.

While Weeping Is Quite Natural, It May Be "Cured" In Children.

It comes natural to every woman to pity a child when it hurts it self. If the misadventure big or little, the mother immediately takes the little one in her arms and in her most sympathetic, pitying tones tries to solace it. And of course the child encludes something terrible has happened to it and cries vigorously. A little baby petted can soon be brought to a weeping state when nothing whatever is the matter with it. Just call up your most tender, sympathetic tones and ask him that time honored question, "Did they boss the baby?" and the little lips will begin to quiver, the mouth to droop and soon a wail breaks forth that is meant to indicate that "they" did.

Of course children will cry sometimes. Crying is an institution that cannot be done away with. Crying, more or less, is expected with the advent of the little stranger, but the more or less depends largely on the parents. A child can be laughed into a good humor. Instead of pitying him at the numerous little hurts he gets, those that are really of no importance, treat them as a good joke. Laugh at them, and the baby will quickly laugh with you. It doesn't take long to chase the tears away. Besides doing away with a lot of unnecessary crying it teaches him not to mind little hurts and develops a brave, manly little fellow. This does not apply to serious mishaps, but to those numerous little bumps which youngsters are continually getting and which a little pity quickly magnifies into something of importance in childish eyes.

Never giving a child anything he cries for is another excellent way to nip in the bud the crying habit. If it is proper for him to have, promise it to him when he stops crying. Reward his good behavior, not his bad. Of course if bad habits in this direction are formed, it is hard to correct them. But such discipline observed from the beginning will make crying an infrequent performance in the home where the youthful monarch reigns.—Philadelphia Telegraph.

THE TITLE REILLY TOOK.

He Made Himself as Big a Man as the Best of Them.

"When you mention the name of John Reilly, you touch a reminiscent chord in the hearts of hundreds of the older residents of Baltimore," remarked a well known gentleman.

"On one occasion Reilly had to journey to Philadelphia on business. It was in the time of the old stagecoaches, and he made his way leisurely along. Upon arriving there he registered at one of the leading hotels. That leads up to my story. At that time it was customary for men to add to their signatures such titles or evidences of dignity as they possessed. When Reilly looked over the hotel register, he saw something like this: 'John Jones, LL. D.; William Smith, A. M., A. B.; Samuel Johnson, D. D.' Seizing a pen, he inscribed the following: 'John Reilly, P. R. S.' Then he went about his business and spent a pleasant and profitable afternoon.

"Returning to the hotel at night, he was met by a committee of leading and learned citizens. They greeted him with great deference and expressed their gratification that such a distinguished man should be in their midst. He was urgently requested to deliver a lecture before some scientific body during his stay. You see, they judged from the mystic letters on the hotel register that he was a fellow of the Royal society.

"Reilly was a man of imposing personal appearance. He made himself very agreeable to the committee, but could not name a date for the lecture. When they left him, a friend asked the reason of the demonstration.

"'What do you mean by writing the letters P. R. S. after your name, any way?'

"'They mean "fried, raw and stewed," and I serve the best in Baltimore.'"—Baltimore Sun.

The Germ of an Invention.

The late General George B. McClellan, U. S. A., is credited with having made the statement many years ago that the sinking of clams into the sand along the ocean shore by closing their shells and ejecting the water from them in a thin stream first suggested to him the use of the water jet as an aid in sinking piles in sand. At any rate as long ago as 1852 a water jet was so used by General McClellan's advice in putting down piles for a wharf and warehouse. Water was forced through an ordinary rubber hose, with a piece of gas pipe on the end for a nozzle. This was placed close to the point of the pile on the bottom, the jet of water scouring the sand away from the pile and making a hole, in which the pile sank rapidly.—Cassier's Magazine.

Sensitive Tobacco Plants.

In Cuba the best tobacco comes from one strip of land only, the slopes of a certain river, and even there a north wind may ruin the crop. Tobacco is the most sensitive plant we know of. The smallest thing affects its flavor. Plant Virginia tobacco in Germany and the result is a better tobacco, but it is German tobacco, not Virginian. In north Borneo they produce the most delicate and silky leaves that ever were seen, but the tobacco lacks character and taste. Send Havana seeds to the Philippines, and you merely produce a superior Manila.—Cleveland Plain Dealer.

Lovely Philanthropy.

Mrs. Brown—We are going to give a progressive euchre for the poor. I love to do something for the poor.

Mrs. Jones—So do I. I love to play progressive euchre for them.—Brooklyn Life.

Last year the market department in Boston condemned as unfit for food a much smaller quantity than in previous years.

CATARRH

Catarrh has become such a common disease that a person entirely free from this disgusting complaint is seldom met with. It is customary to speak of Catarrh as nothing more serious than a bad cold, a simple inflammation of the nose and throat. It is, in fact, a complicated and very dangerous disease; if not at first, it very soon becomes so.

The blood is quickly contaminated by the foul secretions, and the poison through the general circulation is carried to all parts of the system.

Salves, washes and sprays are unsatisfactory and disappointing, because they do not reach the seat of the trouble. S. S. S. does. It cleanses the blood of the poison and eliminates from the system all catarrhal secretions, and thus cures thoroughly and permanently the worst cases.

Mr. P. H. McAllister, of Harrodsburg, Ky., writes: "Having been a terrible sufferer from Catarrh, and being now sound and well, the question often put to me is, 'What cured you?' In answer I feel it my duty to state that Swift's Specific is the medicine. I am such a true believer in the efficacy of Swift's specific that I can honestly and conscientiously recommend it to any one suffering from Catarrh. Have recommended it to many, and am happy to say that those whom I have induced to use it can bear me out in the statement that it will cure any case of Catarrh if taken according to directions."

SSS is the only purely vegetable blood purifier known, and the greatest of all blood medicines and tonics.

If you have Catarrh don't wait until it becomes deep-seated and chronic, but begin at once the use of S. S. S., and send for our book on blood and skin diseases and write our physicians about your case.

MR WARREN TALKS

GIVES SITUATION FROM EMPLOYERS' STANDPOINT.

A STRIKE IS NOT EXPECTED

EMPLOYES DISPLAY A SPIRIT OF CONSERVATISM.

REPAIRED TEN LOCOMOTIVES

WABASH SHOPS ESTABLISH NEW WORK RECORD.

New York, April 8.—Neither employers nor employes have made a decisive move in the wage dispute that may terminate with a strike on the Central Railroad of New Jersey. It is expected that the men will confer within the next twenty-four hours and by vote agree upon a plan of action. It is difficult to take the measure of the sentiment of the moving army of men that a railway system employs, but as far as it can be sounded on the Central the men seemed to be moved by a spirit of conservatism and to be inclined to refrain from striking until every resource of conference and arbitration has been exhausted. The withdrawal from the city of the chiefs of the brotherhoods of railway men after an unsuccessful attempt to secure a conference with the officials of the railroad restores the dispute to one directly between the company and its men. Charles H. Warren, vice president of the company, speaking for the railroad, made this statement today to the Associated Press:

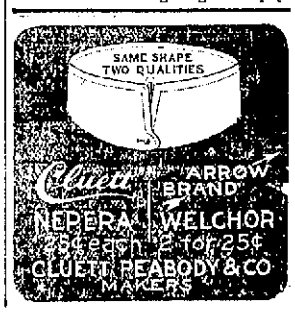
"The brotherhood chiefs evidently do not know that it is a custom of railroads to close their general offices on Saturday afternoon. We were closed in the usual custom on Saturday afternoon, and in addition to that I was called away by other business. I think under these circumstances it was somewhat unusual for them to expect me to meet them at the time named by them. We are prepared to be entirely reasonable about the matter. We want no dispute with our employes and are prepared to pay them the wages paid by other railways in the vicinity. When our men first came forward with a request for an increase in pay we detailed some of our officials to make an investigation of the wage scales of other roads. We conferred with committees of the men and as a result of inquiry some of the wages on the road were increased. Some were not, and the men drawing them further expressed their dissatisfaction. We have told them that we will take any seven railroads they designate, and with a joint committee or a committee which we shall jointly name from outside men, make an investigation of the pay of the men employed by them and abide by the results of the showing made. We have also asked our men to point out any specific case of treatment that is unfair and agreed to right any injustice that may be shown. As I have said, we do not wish to be unfair and we freely invite the men to make known their objections and wishes. I do not know of anything that will be done today, nor do I know of any plan for a conference. I cannot make any prediction as to what will be done on either side."

ROME CITY SUNDAY TRAIN.

Next Sunday the Grand Rapids and Indiana company will put on its early morning Sunday train to Rome City. It will leave this city at 6 o'clock and leave Rome City on the return trip at 7 o'clock in the evening. This is for the accommodation of those who wish to spend a day fishing at the resort. The cottagers' trains will not go into service until June.

HE LOVES DOGS.

The Bluffton News is authority for the statement that Conductor Doctorman, of the Lake Erie and Western road, stopped his train to put off a dog that had got aboard by mistake. A passenger proposed to throw the canine off while the train was running, but the kindhearted conductor wouldn't heed the suggestion. "Last Thursday," the News says, "Doctorman discovered on the rear platform a box, which held captive a pretty pug dog. It is tax time and some fellow was scheming to get out paying a dollar. A passenger proposed that the box be torn up and the captive pug released, but Doctorman said no. He brought the dog on to Bluffton and yesterday he took it back to Hartford City and turned it loose." The dog probably returned to his old home.



MOTHER AND CHILD

Let the mother take Scott's emulsion of cod-liver oil for the two; it is almost never superfluous.

One can eat for two; but nourishing two is a different thing; it implies a degree of interior strength not often found in woman of either extreme.

Luxurious people are not very strong by habit, and overworked people are weak from exhaustion in some of their functions. Between the two is the happy mean; but how many women have plenty of life for two?

The emulsion is almost never superfluous.

We'll send you a little to try if you like.
SCOTT & BOWNE, 409 Pearl street, New York.

GOOD WEEK'S WORK.

The Wabash shops established a new record the first week in April in the way of turning out repaired engines. During the period named the shop turned over to active service ten engines. Eight of them received general repairs. As soon as vacated the stalls at the shops were taken by other crippled engines and there is still no lack of repair work in the shops.

INSPECTING SIGNALS.

Supt. W. McC. Grafton, of the signal department of the Pennsylvania, is out on the west end of the Fort Wayne road today, making an inspection of the interlocking plants and other things within his province. He left Chicago on a special train at 7:30 o'clock this morning and will probably reach Fort Wayne tonight. Trainmaster J. F. Patterson and Chief Dispatcher J. G. Jennings accompany Mr. Grafton on the trip.

CAPTURED CAR THIEVES.

Thomas Wilkinson, the Nickel Plate detective, has succeeded in breaking up a bad thieving gang in the vicinity of Continental, Ohio, and recovering a lot of stolen articles. Saturday Mr. Wilkinson arrested Jacob and John Snow upon the charge of breaking into and robbing cars and in searching the Snow residence in Continental he found some of the merchandise which the men had taken from cars. Bert Jones, another member of the gang, made his escape while Mr. Wilkinson was after the Snow brothers. The latter are now in the jail at Ottawa, Ohio.

ESTABLISH A BURIAL FUND.

At its meeting yesterday Lodge 136, Brotherhood of Railway Trainmen, established a new benefit. At the death of a member a per capita assessment of $1 for funeral expenses will be assessed. The lodge has assumed a similar expense on several occasions, which was met by voluntary contributions and money from the general fund. The new plan will be more equable and more satisfactory. No 136 is noted for its generosity to afflicted members and their families, and this characteristic has brought the lodge before the public in a manner that cannot help but redound to its advantage.

C. R. Hull, a steam fitter in the Pittsburg shops, has recovered from his recent sickness and is at work again.

Supt. S. K. Blair and Trainmaster D. H. Caldwell, of the Nickel Plate, are in Cleveland today on railway business.

Darius M. Preble has assumed temporary charge of the elevator at the electric works, the regular attendant, E. F. Campbell, being off on a three months' vacation.

Michael O'Neal, of the polishing department of the electric works, is sick and off duty.

Boilermaker William Zimmerman, of the Wabash, is off duty for the purpose of entertaining a visitor.

C. Starke, W. P. Lang, J. Polsin, J. Blank, C. W. Schirmeyer and J. W. Payne, Pittsburg shopmen, are sick and off duty.

Boilermaker M. K. Rehling resumed work at the Wabash shops this morning, after an absence on account of sickness.

Machinist Henry Meyers, of the Bass shops, left last night for Monessen, Pa., where he will assist in repairing an engine.

Brakeman C. H. Gallivan, of the Nickel Plte, entertained his parents, Mr. and Mrs. Thomas Gallivan, of Bluffton, yesterday.

Agent Joseph Sullivan, of the Wabash, has returned from Wabash, where he spent a couple days with relatives and friends.

C. H. Auer and E. E. Griffith have been advanced from brakeman to conductors and are now on the extra list of the Pittsburg.

Mrs. Lehneke, wife of Switch Tender Clarence A. Lehneke, of the Pittsburg, is sick and that gentleman is off duty on that account.

James Fry, chief clerk in Master Mechanic B. Fitzpatrick's office, accompanied Mrs. Fry upon a shopping expedition to Chicago this morning.

The Nickel Plate carpenters have resumed work upon the new coal docks at Bellevue, which will be a duplicate of the new docks at Leipsic.

Mesdames H. A. and M. H. Durnell, wives of the Pittsburg engineers, went to Chicago this morning to attend the funeral of a relative.

Mrs. Pitcairn, wife of the general agent of the Pennsylvania railroad, will pass through the city tonight in a private car on No. 8, en route to her home.

The John Abbott Stock Theatrical company passed through the city today, coming in over the Wabash and leaving on the Grand Rapids for Lagrange.

D. G. McKeeman and J. G. Snyder, car builders at the east shops, are off duty, the former on account of an accident and the latter on account of sickness.

Charles A. Hans, an employe of the Pittsburg blacksmith shop, returned to work this morning, after a week's visit with his son and sister in South Bend, Ind.

S. S. Henline resigned his place in the Pittsburg blacksmith shop last Saturday, to engage in another line of work. He worked in the shop nearly a year.

William Lehmkuler, the blacksmith who had a hand injured at the Bass shops three weeks ago, was able to report for work at that establishment this morning.

Charles M. Meek, operator at the Nickel Plate yard office, has purchased a handsome residence property on West Jefferson street, which he will occupy soon.

T. J. Foley, chief inspector of transportation of the Pennsylvania lines, left over the Wabash this morning for Toledo. He had been visiting his relatives over the Easter holiday.

Agent Frank Hollycross, of the Baltimore and Ohio, has disappeared from his home in Summit, Ohio, under circumstances which indicate foul play. Hollycross was married about a week ago.

Engineer C. D. Rider and Firemen E. W. Peterson and T. B. Hunt, of the Pittsburg, are off duty, the two former on account of sickness and the latter on account of the sickness of his brother.

Vice President and General Manager Joseph Ramsey, of the Wabash, is on route to New York, where he will attend to some business connected with the proposed new Fort Wayne Butler line.

Some of the railroads that do a considerable traffic in coal for shipment by lake have commenced to deliver the fuel at the various docks on Lake Erie. Navigation will be formally opened on the 15th inst.

Many of the traveling men and construction men in the employ of the Fort Wayne Electric company came in off the road Saturday for the purpose of attending the funeral of the late Charles A. Munson.

John Franke, jr., of Peoria, Ill., was the guest of his parents, Mr. and Mrs. John Franke, sr., over Sunday.

CURES CRIPPLED RHEUMATICS

All Druggists. *Send for Pamphlet.*

THE ATHLOPHOROS CO., New Haven, Conn.

One of the saddest sights is that of a strong man lying crippled and helpless, prostrated by the withering touch of Rheumatism. Fifty thousand testimonials on file at the home office show that Ath-lo-pho-ros is a positive cure for Rheumatism. Send for free pamphlet.

WASHINGTON, Ia.

Several years ago I was all crippled up by Rheumatism, and on getting a bottle of Ath-lo-pho-ros and taking it, I was completely cured.

Ever yours in praise,
OWEN O. HAYES.

The young man, who is a machinist, is now employed in the Pennsylvania shops at Peoria, under Master Mechanic T. N. Kucher.

William Carroll resigned his position in the metre department at the electric works this morning. He will enter the pattern making establishment of Mr. Stein, on Spy Run avenue, as an apprentice.

Machinist W. S. Wells, of the Pittsburg shops, accompanied his wife to Chicago this morning. The lady is suffering from an affection of the ears and will consult a noted aurist while in Chicago. They will remain there two or three days.

William B. McDonald, of the Chicago Edison company, is in the city to attend the funeral of the late C. A. Munson. Mr. McDonald was formerly connected with the electric works in this city, when it was under the management of R. T. McDonald.

Harry I. Young, who had both legs cut off in this city last December, has ordered a pair of artificial limbs. The young man is now in Huntington. He was employed by the Withington Handle company, of Erie street, when he met with the accident.

Master Mechanic George T. Ladd, of the Bass works, fell down a back stairway at his home on West Berry street last night, injuring a shoulder and the fingers of his left hand. He considers escape from more serious injury miraculous and is congratulating himself.

E. Mercer, who was called to St. Louis last week to see his mother, who was quite sick, resumed his place in the Pittsburg blacksmith shop this morning. James Roche and Ed Mennewisch also reported for duty in that shop this morning. They had been sick.

L. Schmidt, the old janitor at the Pittsburg planing mills, who was run down by a horse and buggy, sustaining some broken ribs and other injuries, has recovered from the injuries and this morning reported at the shops for duty. The accident occurred last October.

On account of heavy train, No. 7, on the Rapids road, was nearly a half hour late in reaching the city this morning. In addition to the regular number of cars, the train had an extra sleeper and a baggage car, occupied by the "Becky Sharp" theatrical people and their luggage.

Engineer Ben Thompson, of the Pittsburg, who was so severely injured in the collision of an engine and some cars at Plymouth two or three months ago, is able to walk about the house and will soon be able to resume his place in the cab. The reader will remember that Mr. Thompson was thrown through his cab window in the collision.

Foreman George Ebner and his gang, who compose the Pittsburg wreck crew, last night completed the work of cleaning the wreckage two miles west of Warsaw, late last Thursday night. One of the six cars wrecked was a complete loss and it was burned, that being the cheapest and quickest way to get rid of it. The others were brought to the shops for repairs.

The Clover Leaf is perhaps the only railway in this state that refuses transportation to its attorneys. Ever since the road was built Hon. Levi Mock, of Bluffton, looked after its legal affairs in this part of the country. He has received notice that no more passes will be given him. The "company will pay cash for business done and expects cash for railroad rides."

The employes at the Mayflower mills are smoking fine Havanas today at the expense of W. J. Schadewald, of the mills, who came to work this morning armed with a large smile and the Havanas. It leaked out finally that a baby boy had arrived at Mr. Schadewald's home yesterday morning and then the glad hand was passed around. Mother and son are doing well.

PASSENGER TRAIN WRECKED.

Ogden, Utah, April 8.—News was received here today that the Central Pacific westbound overland limited, due to arrive in San Francisco at 6:55 this evening, was wrecked two miles east of Wells, Nev. Of the meagre details of the disaster which reached here it is learned that two firemen were killed, that some of the cars of the train were badly smashed and that the Pullmans caught fire. It is not thought that there were any fatalities among the passengers, as none have been reported to division headquarters. The train was drawn by two locomotives, both of which suffered severely. The cause of the accident is unknown.

Chicago, April 8.—Forecast for Indiana—Fair tonight and Tuesday; brisk north to northeast winds.

LOCAL LINES.

Miss Emma Lindlage visited friends at Huntington over Sunday.

Born, to Mr. and Mrs. Otto Hoffman, residing on the Huntington road, a daughter.

Mrs. Clyde Bookwalter, who was recently operated on at St. Joseph hospital, is improving rapidly.

Mrs. Henry Kruse, of 161 Montgomery street, fell down the front steps at her home Saturday night and fractured her right ankle.

The Walther league will give an Easter concert and entertainment at the school hall of St. Paul's Lutheran church, on Barr street, this evening.

Rev. J. H. Evans, pastor of Bethel Evangelical church, will attend the annual conference of the association at Berne the latter part of this week.

The women's bible meeting of the Wayne street M. E. church will be held Tuesday afternoon from 3 to 4 in the Sunday school room. Every lady is welcome.

The wedding of Miss Louise Randall, of this city, and Frank Sawyer, of New York city, whose engagement was announced some time ago, will take place in this city in October.

Auburn Courier: "Chas. Berger, of Fort Wayne, was in the city today making the preliminary arrangements for his work on the Lutheran church. He and his men will arrive Tuesday to begin their work."

Frank Bishop, of St. Joe, is transacting business in Fort Wayne today. Mr. Bishop was formerly bookkeeper for the Indiana Furniture company, of this city, and is now engaged in the grocery business in St. Joe.

William, the eleven-year-old son of John Scheib, of 165 Harmer street, fell from the roof of a new house near his home Sunday night to the cellar. The distance the boy fell was about twenty feet and he was rendered unconscious for some time. No bones were broken.

Prof. Theodore Grahl, of Detroit, who has been the guest of friends in the city during the past week, will return home tomorrow. Prof. Grahl was formerly an instructor in Emmanuel school, this city, and recently accepted the position as head of a Luthran school in Detroit.

Rev. F. M. Rinle, Ph. D., of Cleveland, who comes as a candidate for the pulpit of Westminster church, delighted two large congregations there Sunday. His sermons were especially strong and Rev. Riale made an excellent impression as a forcible, logical pulpit orator, a scholar and thinker. He will occupy the pulpit again on Sunday next.

Genial Bob Smith, formerly of Fort Wayne, but now of Peru, was a visitor in the city today, shaking hands with a legion of friends. Bob is now traveling in the interest of the Wright Medicine company, of that town, and is on his way on a trip in the interest of his house through Ohio, Pennsylvania and New York. The medicine company is a new industry in Peru and manufactures a new remedy which has proven very successful and has the endorsement of Louis Centlivre, of this city, who was for years a sufferer from rheumatism. Bob's Fort Wayne friends are, of course, pleased to learn of his good fortune in securing so good a position and feel like congratulating the company on securing so good a man.

MEET TUESDAY NIGHT.

The master paperhangers and painters will hold a meeting on Tuesday evening in their hall and the strike situation will be considered. There is no change in the situation at present and matters remain practically the same as they were a week ago, when the strike was first ordered.

PROF. PLUMADORE'S RECITAL.

Prof. Marshall W. Plumadore, assisted by Harry Ross, both of this city, together with a number of Prof. Plumadore's pupils in Wabash, gave a recital in that town last Thursday evening, of which the Wabash papers speak very highly. Prof. Plumadore has a large class in Wabash, where he gives an annual recital, which is always attended by a large audience. Mr. Ross is a most talented young musician and has been under the instruction of Prof. Plumadore for several years. The program Thursday night was one of great merit.

ONE GOT AWAY.

Prentice Tiller and H. C. Grant, the two mail box robbers who worked here, in Cincinnati, and, in fact, all over the country and who were arrested at Hastings, Neb., a week ago, made a desperate effort to escape at the Union station at Chicago yesterday morning. Grant was successful and at last accounts was still at large, but Tiller was recaptured. They were in charge of two United States deputy marshals and had attempted to get away by jumping through a car window earlier in the morning. By some means they secured a key to their handcuffs and releasing themselves, Grant handed the officers a few in the solar and both started off in different directions. The officers could not use their guns on account of the crowd and Grant soon lost himself on Canal street, but Tiller was less fortunate and was recaptured.

CLINTON R. WILLSON.

My commission expires Feb. 6, 1906.

CARD OF THANKS.

I desire in this way to tender thanks to my neighbors and friends, also to the employes of the Indiana Machine Works and Road Machine company for their acts of kindness shown me in the death of my wife, Elmira Crayton.

ARTHUR M. CRAYTON.

The Rev. J. M. Cleary lecture will be given at Library hall instead of West Jefferson Street Church of Christ tomorrow evening.

Miss Beth Mains entertained a number of ladies and gentlemen employed at the school for feeble-minded last evening. Refreshments were served at 10 o'clock.

MUSICAL CRITICISM.

"Splendid ear, but a very poor voice."

In a few weeks the government will take the contract off the hands of the contractors for the new mint in Philadelphia, and then the United States will have the finest, costliest and most complete money making establishment of its kind in the world. The granite structure was commenced two years ago and will cost about two million dollars, including the mechanical equipment, costing $200,000. There will be twenty-four coining presses in the new mint.

Irelands' stock of horses decreased last year from 610,415 to 597,641, a fall of 12,774.
